

Lakewood's design adapts to your lifestyle

The covered porch with a waist high railing leads to the entry of the 2608-square-foot Lakewood. This house is versatile and adaptable to a variety of lifestyles and family sizes.

The vaulted living room and dining room are the sunniest rooms of this home. Wide multipaned windows span most of the rear-facing wall, allowing full appreciation of a vista of landscaped yard.

The entryway also has a lofty vaulted ceiling, brightened by two skylights. Windows rim the right wall of a combination family

room/kitchen, expanded by a bayed eating nook. The kitchen work area is designed to minimize steps, with a deep sink, refrigerator, range and oven placed close together. Face framing on the walk-in pantry allows direct access to some of the shelves.

Features in the utility room include a storage area, a sink and space for the washer and dryer.

French doors open into the spacious den, that shares a bathroom with the living area. The den can be used as a home office or study area.

The vaulted master suite has a large walk-in closet and security system panel. Luxury amenities in the master bathroom include an oversized garden tub with space for tropical plants in the tub alcove and a basin in the vanity outside the bathroom.

Two additional bedrooms share a third bath, with tub and shower combination. This single-story home could be adapted for wheelchair accessibility.

For a study kit of the Lakewood (404-33), send \$10 to Landmark Designs, P.O. Box 2307-0E48, Eugene, OR 97402. Be sure to specify name and number. For a collection of plan books featuring the most popular home plans, send \$20 to Landmark, or call 1-800-562-1151.

The Lakewood: This versatile home design can be adapted to any size family. It's a practical home with luxurious amenities. See design left.
