

## IF YOU HAVE A SICKLY YOUNGSTER TRY THIS FREE

The family with young children that is without sickness in the house now and then is rare, and so it is important that the head of the household should know what to do in the little emergencies that arise. A child with a serious ailment needs a doctor, it is true, but in the majority of instances, as any doctor knows, the child suffers from some intestinal trouble, usually constipation.

There is no sense in giving it a pill or a remedy containing an opiate, nor is flushing of the bowels to be always recommended. Rather give it a small dose of a mild, gentle laxative tonic like Dr. Caldwell's Syrup Pepsin, which, by cleaning out the bowels and

strengthening the little stomach muscles, will immediately correct the trouble.

This is not alone our opinion but that of Mrs. M. H. Mead of Freeport, Kan., whose granddaughter has been taking it successfully, and of Mrs. J. R. Whiting of Lena, Wis., who gives it to her children and takes it herself. It is sold in fifty-cent and one-dollar bottles at every drug store, but if you want to test it in your family before you buy it send your address to Dr. Caldwell and he will forward a trial bottle free of charge.

Address him Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.
