Botsford center opens today

Botsford Continuing Health Center will celebrate the grand opening of its state of the art replacement facility today, Thursday, Aug. 29.

A one of a kind showpiece, the Botsford center represents an innovative approach to delivering long-term care that is sure to serve as a model for other facilities in Michigan.

Two events will be held on Aug. 29 in conjunction with the grand opening. At 3 p.m., dignitaries, community leaders and Botsford Health Care Continuum corporate representatives will be on hand for a ribbon cutting and dedication ceremony. From 6 to 8 p.m., the public is invited to attend a housewarming open house featuring tours, an ice cream social and music provided by members of the Farmington Philharmonic.

"Because of our commitment to providing optimum, individualized care, our new facility is

equipped with state of the art amenities which really distinguish it from other facilities," said Linda Mlynarek, president, Botsford Continuing Care Corporation.

The facility's features create a home like atmosphere offering personalized attention. The building is divided into neighborhoods with private dining rooms and an enhanced emergency call system. A dementia unit with secure outdoor wandering area, private bathrooms in every resident room and bed level windows are just a few of the highlights.

Botsford center's new facility rests as the centerpiece of a 30 acre campus with privately owned condominium homes and independent living apartments. Next year, the opening of an assisted living facility will complete the final phase of Botsford Continuing Care Corporation's development.
