Make Marriage Work

One of the greatest adjustments in life occurs when a man and woman decide to become husband and wife. It is very important to remember that no two marriages are alike, and that each couple must work out what is best for them. Couples who have been married for several years will all admit that they have experienced problems, but they have worked them out. They stuck together and each problem they worked out made their marriage stronger. Couples should ask, "What can I give to this marriage?" not just "What can I get out of it?" When married couples give their support, trust, and love to each other, the marriage is bound to be successful. Those persons should be involved in each marriage: husband, wife and God. God instituted marriage and intended that the couple remain married as long as they both should live. Working together to resolve marital problems isn't always easy, but with God's help, all things are possible.

...a man will leave his father and mother and unite with his wife, and the two will become one.
