"I'M HAPPIER KNOWING THAT MOM IS IN GOOD HANDS. SHE'S JUST HAPPIER, PERIOD."

Active days. Discussion groups where every voice is important. Gardening where friendships bloom as well as flowers. And daily routines where people are secure knowing that trained, caring staff is nearby to offer assistance if necessary.

That's life at Springhouse, an assisted living facility for those who need extra help in their day-to-day routine, with things like dressing, bathing, and taking medications, but still want to enjoy life to its fullest. We customize care for our residents, giving them only the services they need or request. This helps them remain as independent as possible.

Friendship is one of the hallmarks of the Springhouse experience. In fact, it's never been easier for some of our residents as they are free to join each other for activities like walking and lectures. But residents can be on their own, too, setting their own routines. If they want to enjoy a quiet meal in their own apartment, they can. In short, residents make the choices that let them maintain control of their own lives.

We've designed Springhouse to be a safe and secure environment, with licensed health care professionals, staff and personal care assistants just seconds away—24 hours a day. So while residents are leading secure, active lives, their loved ones enjoy the peace of mind that comes from such special care—and Manor HealthCare's 35 year tradition of excellence in health care.
