

# Justine 2: A terrific beginner homestead

This beautiful home has a unique floor design and an attractive exterior that enhances its curb appeal. A covered front porch adds a homey touch to welcome visitors.

Designed as a starter home, the 1,685-square-foot Justine 2 is well suited to meeting the needs of a young family. The master suite is located near the other two bedrooms, while the sound separation provided by two bathrooms and closets, offers an element of privacy.

The master suite amenities include a huge sleeping area, a private bath with custom shower, and a nice-sized walk-in closet.

The family living areas are centrally located. Shelves flank the wide, open fireplace in the living room. An open-style kitchen is separated from the nook and dining areas by a work island. Placement of the sink in the work island eliminates the isolation often experienced by clean-up crews when the work area faces the wall.

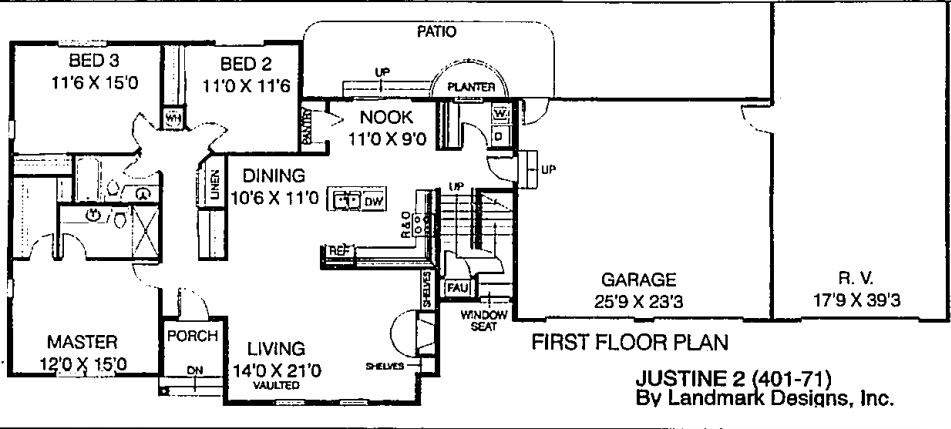

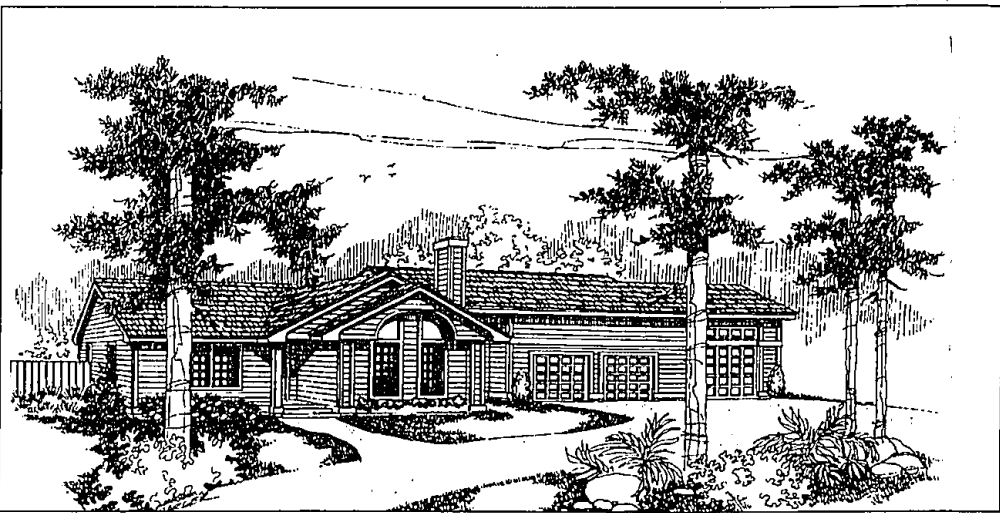

Light beaming through the sliding glass doors brightens the spacious nook, and a pantry offers additional storage space for food.

Those who prefer relaxed living space over formality may prefer to use the living area as a family room. This large vaulted room offers plenty of space for family gatherings and entertaining.

An added feature is the unfinished attic, a space that could be used for storage or a recreation room.

The enclosed RV storage are located to the right of the spacious two-car garage.

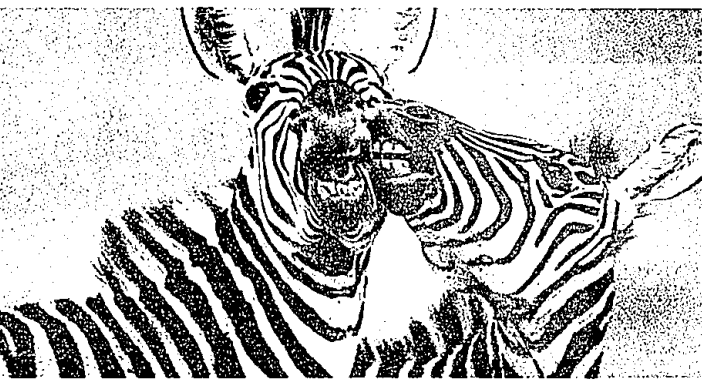

For a study kit of the Justine 2 (3401-71), send \$10 to Landmark Designs, P.O. Box 2307, OE48, Eugene OR 97402. (Be sure to specify plan name and number.) For a collection of plan books featuring our most popular house plans, send \$20 to Landmark, or call 1-800-562-1151.
