# Our corporate family has grown to care for your family.

Our corporate family of affiliates is working together as the Botsford Health Care Continuum to provide whole person care throughout your life. The Continuum has grown to meet the evolving health care needs in our community. It has been built upon the simple enduring cornerstones of our mission to offer quality medical-care in a sensitive, concerned manner. To us, that means treating you not simply as a patient, but as a member of our own family. We believe our continuum of services have resulted in, and will continue to result in, a healthier community.

### CARING

Our most fundamental activity is the provision of personal nate care. Such care includes the maintenance of a healthy life-style, preventative, emergency, acute episodic, rehabilitative, ambulatory, supportive and long-term care.

### COMMUNITY INVOLVEMENT

A special sensitivity to the health care and social needs of the various communities served is requisite to future growth and progress. As a responsible community member we actively participate in identifying and addressing health-related problems.

### RESEARCH

Research by the osteopathic physician and other health care professionals is encouraged and supported.

### **EDUCATION**

Ve are dedicated to the training of caring, osteopathic physicians and other health care personnel who will enhance their professions, achieve both professional and personal growth, and most nportantly, improve the health status of the people they serve.

### LEADERSHIP

盤

policies on the local, state, and national levels that promote cost-effective quality health care. Within the osteopathic medical community, we will provide continued leadership in the development of collaborative approaches to change, preserving the unique benefits offered by
