

On an acreage

Wide and spacious, the Bing is a large yet relaxed single level three bedroom home, designed for construction on estate-size acreage.

A country-style porch, backed by a wealth of multipaned windows give the Bing a friendly, welcoming look. The porch stretches across the entire front of the home.

Dormer windows add street appeal, and at the same time bathe the vaulted living room in warmth and natural light. The dining room has a built-in hutch. Bay windows expand both the dining room and living room.

Kitchen and nook are at the home's heart. Everyone will enjoy lingering in this sunny space, seated in the nook or at the raised eating bar. Plants flourish there too, especially in the garden window. Some of the shelves in the large walk-in pantry are accessible directly from the kitchen.

A wet bar and a small refrigerator are nestled into the alcove next to the fireplace in the large family room.

Flames in the other fireplace add to the ambience of luxury in the master suite. Features in this adult retreat include a skylit bathroom with twin basins and an elevated spa tub. "His-and-Hers" walk-in closets are sized to suit the distinct clothing storage needs typical of males and females.

The bedroom and den share a bathroom with basin, while the guest room has all the amenities of a second master suite.
