## THE OUT DOOR INSTALLATION

EXERCISES WERE INTERESTING TO BIG CROWD

Besides the Installing Ceremonies there Were Some Good Talks and Fine Music

Interest in social affairs last week centered around the installation of the officers of the new Odd Fellows lodge which the members had kindly made public for the benefit of those who cared to see the work done.

The weather Thursday evening was delightful for the purpose and on account of the exercises being held in the open they were enjoyed to the utmost for everyone was comfortable. The program was carried out in a way that was pleasing, the beautiful work of the installation being very entertaining as well as instructive.

The work was done by a Detroit degree team and the officers which were installed are as follows:

J. E. Phelps—Noble Grand  
Geo. Creiger—Vice Grand  
Forest Pierson—Recording Secretary

Lucius Newman—Financial Secretary

Horace Durham—Treasurer  
Jos. Brizer—Warden

Wm. Irish—Conductor  
Charles Bains, Chaplain  
Leon Newman—Right Scene Supporter

Ed. Connors—Left Scene Supporter

Lyman Sprague—R. S. to N. G.  
Stephen Newman—L. S. to N. G.

Amos Otis—R. S. to V. G.  
Glenn Green—L. S. to V. G.  
Fred Pauline—Inside Guard  
Herman Maas—Outside Guard.  
Fine addresses by B. J. Orr, past Grand Master, and F. R. Hamburger, deputy Grand Master, and some excellent recitations by a Mr. Richards of Detroit were special features of the evening that were greatly enjoyed.

The music furnished by the Pierson and Goucher orchestras and the violin solos by Miss Goucher were not the least of the splendid numbers on the program. The music added very much to the entertainment.

A supper was served in Odd Fellows hall to the members of the order and a dance was given at the Grace House at which 50 or more couples were present.

The affair was nicely planned and well carried out and reflects credit on the local lodge.

## WE WILL ALL BE THERE

Big Sunday School Picnic Has Been Planned for Aug. 2

Did anyone say picnic? When we were boys and girls how that word "picnic" thrilled us. We looked ahead to it as to no other event except the circus and Christmas, and when it was gone we looked back upon it as a great and glorious event, where a distance lent enchantment to the view. How proudly then we displayed the mouth organ, the cup or the silk suspenders, the trophies we won at the races. Why, they are carefully stored away now on the topmost shelf in the cupboard and now and again we bring them out and exhibit them with pride to the youngsters. To those glorious old picnics, all severance and an honored place in memory's hall.

But there are boys and girls about us still with that self-same ecstasy over picnics that once thrilled us, and thrills some of us still, for it is always possible to be young in spirit and enjoy with the children the innocent pleasures of youth.

So we are once more to have a picnic at the grove back of the Junction, Wednesday, August 2, given under the auspices of Farmington M. E. S. S. Everybody is welcome. Every boy and girl in the community would delight to go. Why not go along with them and let us have one good, old-fashioned day of fun and frolic together! In the long run everybody will be healthier, wealthier and happier for having gone.

Mr. S. D. Harger is chairman of the sports committee and we are looking for the very best of a good time. We want the men and women there. We want to see the business men there if possible, if only for an hour or two. Watch for further notice.

## Secretary Says to "Swat and Boil"

The secretary of the State Board of Health makes an appeal to all citizens of the state to swat the fly and boil the drinking water in an effort to prevent typhoid fever. The fly crop is said to be unusually large this year and many cases of typhoid are always traced to the pests. Clean up the breeding places and kill off all that you can.

## Visiting in New York State

Mrs. Mary Crosby and Mrs. William McCracken left Sunday afternoon by boat for Buffalo. Mrs. Crosby will visit Mrs. Tabor of Castile, N. Y. While Mrs. McCracken will spend some time a sister in Belmont and other relatives in Friendship and Castile.

Mrs. Wm. Manor and children of Sarnia, Ont., are visiting this week at the home of her aunt, Mrs. Fred Staman.

## THE LATEST FISH LAWS

## CELEBRATED THE 60th.

A Family Reunion at the Home of W. P. Seeley a Surprise

A very pleasant event occurred on the 5th inst. at the home of William P. Seeley, the occasion being W. P.'s 60th birthday. Mrs. Seeley thought it a fitting tribute to her husband to plan a surprise in the form of a reunion of the Seeley family.

As the various members began to assemble and the truth came home to Will, had Dr. Osler been present he would have had reasons for making one exception at least to his theory as regards mankind at the age of 60 years. It was not only a complete surprise on Will, but a greater one on the guests, when Major Seeley of Springfield, Ill., quietly walked in and commenced shaking hands.

After partaking of a bountiful dinner, the day was spent on the lawn in reading letters from the absent ones, photographing the brood, singing and visiting.

The families represented were Herbert A. Seeley of Pontiac, Maj. Seeley, Springfield, Ill., D. H. Parrshall, Canton, Mich., and H. A. Green of Farmington. All the brothers and sisters were present with the exception of Chas. Seeley who resides in Dakota.

A Detroit milk inspector was in Farmington Monday morning taking the temperature of all the milk brought in to the car.

Do you wish to learn all about banking and banking terms? We will be glad to explain anything you do not understand, but the very best educator is a bank account itself. Practically all business men have learned what they know of money matters by the actual handling of money in business. Even a small account is an educator, if you cannot afford a large one. With an account with us you thus kill two birds with one stone—keep your money safe and learn the laws of finance.
