Men: Are you having difficulty urinating?

Do you suffer from the following symptoms:

- Hesitancy with urination!
- Slow or intermittent urinary stream!
- Frequent urination, or getting out of bed often to urinate!
- Feeling like the bladder does not empty well!

If you are, we currently are seeking participants for a study to look at the effectiveness of several different treatments for Benign Prostate Hyperplasia (enlarged prostate).

To qualify, you must meet certain criteria: you must be over age 50, have had no prior surgery or medications for an enlarged prostate, have not been diagnosed with prostate cancer and have not suffered a stroke or heart attack within the past six months.

Volunteers will be asked to participate in the study for five years. All study medication, laboratory tests, X-rays and office visits are provided at no charge for qualified participants.
