County looks for trade with Canada

Oakland County will tout the economic prowess of its industrial community during three-day trade mission to Toronto.

Oakland is looking for as many as 15 companies trying to expand into Canada and other countries.

Businesses will be screened and then matched with Canadian companies with similar or compatible interests, according to Oakland County Executive L. Brooks Patterson, outlined the trade mission Tuesday.

He was accompanied by James J. Blanchard, the former U.S. ambassador to Canada, and George Hebel III, president and CEO of Bonal Technologies, Inc., in Southfield.

Hebel said Canada is a natural starting point for any small company entering the global market because of their common language and other cultural similarities.

IF THE HARDEST PART OF WORKING OUT IS BREATHING, WE CAN HELP.

It's called exercise-induced asthma. Mind and muscles focus on the workout goal, but your lungs cast a deciding vote for watching televised sports instead.

Maybe shortness of breath occurs only when the weather turns cold or pollen counts are high.

No big deal, but definitely annoying. Nothing that requires more tests than necessary, but definitely the opinion of a specialist.

We call our treatment approach minimum intervention for maximum improvement. No unnecessary tests, an ultraconservative view of allergy shots, and a philosophy that there's always more than one way to solve a problem.
