Impotence.

Don't let it ruin your happiness.

Impotence affects nearly 15 million American men and in 80% of the cases it is caused by a physical health problem. At the Michigan Institute of Urology, we diagnose and treat impotence everyday.

Our certified, experienced urologists will identify the cause of your impotence, then recommend non-surgical treatments such as medications, MUSE, injections and vacuum devices. If necessary, our urologists can perform the latest surgical options, proven successful in hundreds of thousands of patients nationwide. And in most cases your treatment will be covered by your health insurance.

Call today for a consultation with one of our counselors at no cost to you, or if you prefer, an appointment with one of our urologists. Impotence is treatable, and a phone call is your first step.

Your privacy is assured.
