

## New at Saks Fifth Avenue

**Cosmetic launch:** A line of beauty products made from special ingredients found in the Far East, I Coloniali Color, is now available at Saks Fifth Avenue, Troy and Dearborn. The concept behind the line by J & E Atkinsons, is for a very simple beauty routine with a narrow palette of colors that are not seasonal. Packaging gives the line a contemporary look that is steeped in ancient traditions, in glass, aluminum and silver.

# Sears opens first store in 20 years

BY DONNA MULCAHY  
SPECIAL WRITER

On Saturday, Oct. 25, customers will get to see the newest side of Sears, when the giant retailer opens its much-awaited Westland store, and holds grand reopenings for its newly remodeled stores at Twelve Oaks Mall in Novi and Oakland Mall in Troy.

The Westland store is the first full-line Sears to open in Detroit since the Novi store opened 20 years ago, said Lee Antonio, a spokeswoman for the company.

The two-level store is located on Warren Road, west of Wayne Road, on the northwest side of Westland Shopping Center. Its grand-opening celebration starts at 9 a.m. Oct. 26, with a half-hour ribbon cutting ceremony in front of the store's mall entrance, near JC Penney.

The grand-opening festivities will include live musical performances, special discounts, autograph signings by two celebrities (the names of whom have yet to be announced), prize give-aways, and a live remote broadcast by WNIC-TV.

"Actually, our grand opening celebration is a three-week event," with special promotions planned throughout, Anderson said. The store will open decorated for Christmas.

The Westland store has about 130,000 square feet of selling space, plus the store's 15,000-square-foot, detached auto center (which included 13 bays).

The store is comparable in size to the Novi store, and smaller than the ones at Livonia Mall, Oakland Mall, and Macomb Mall in Roseville, which are among the biggest Sears stores in the

country, Anderson said. Customers will find all of the departments and brands that they've come to expect from Sears inside the Westland store — minus a furniture department and hair salon.

They also will find some new features. Most notable are the dramatic skylight and glass-enclosed escalators in the center of the building, which were designed to give the store an open, contemporary look.

Other new features include Personally Yours, a place where customers can get clothing, linens and other merchandise monogrammed (located inside the Home Fashions department); and a Center for the Home Environment, where customers can buy air cleaners, water filtration equipment and home security alarms.

On the first floor: Makeup and

fragrances, jewelry, women's, maternity, juniors and men's clothing; shoes; sporting goods; home improvement items; and the merchandise pick-up area.

On level two: Restrooms, Brand Central (appliance and electronics), the children's department, intimate apparel and women's plus-size dress, towels, linens, draperies, housewares, luggage, the portrait studio, optical department, dental center, hearing aids, and watch and jewelry repair.

By the time the store opens, Anderson said, Sears will have invested \$25 million in it. The Westland Sears is part of the company's five-year, \$4 billion capital improvement program, which includes building new stores and remodeling 500 existing ones, including the ones in Novi and Troy.
