President Taft is to pay a visit
to Michigan next month and both
Detroit and Pontiac expect to be
honored by a visit from the chief
executive.

Work on the sidewalks, that
was ordered by the council some
time ago, was delayed on account
of difficulty in securing workmen,
but is finally under way.

The regular meeting of Farm-
ington chapter, O. E. S., will be
held Friday evening, Sept. 8. This
is the time for the election of of-
ficers and a good attendance is de-
sired.

Perry Prindle, the good-natured
D. U. R. conductor, laid off a
couple of days the first of the
week, but he can afford to for Mrs.
Prindle presented him with a thou-
sand dollars on Monday in the
shape of a fine healthy boy baby.

On Saturday Mrs. H. W. Moore
entertained a few friends in honor
of her guest, Mrs. A. H. Butcher
of Grand Rapids, formerly well
known here as Miss Kathleen
Douglas. The visiting ladies were
Mrs. Allen and Mrs. Duffee of
Detroit and Mrs. Hogle and Mrs.
Doherty of Farmington.

Every town finds that it pays to
have a board of trade or a com-
mercial club of some kind to pro-
mote its welfare. There's strength
in unity of purpose and organiza-
tion. Some valuable work can be
done for this little village if we
should get together and agree
upon a plan and then hustle for it.
How about it?

If you want to see two good
exhibitions of the national pastime,
get out to the school park Labor
Day. Farmington hooks up with
Franklin in the morning at 10:30
a. m. and Wyandotte at 3:00 p. m.
There is quite a rivalry between
Farmington and Wyandotte. They
have played four games this year
and last and both have copped two.
This leaves the rubber to be played
off Monday, Labor Day, at 3:00 p.
m. As every game played has
been won by one run only, Mon-
day's battle is sure to be a hot one.
Our boys will have the strongest
line up of the season.

The Ladies Union will meet with
Mrs. Carlos Steele Sept. 7. It will
be the annual meeting and election
of officers. A ten-cent lunch will
be served.

There will be an ice cream so-
cial in the parlors of the German
church in this village next Satur-
day evening. This is given by the
ladies of the church and a general
invitation is extended to every-
body.

Supervisor James Hogle return-
ed from Lansing last week where
he appeared before the state board
of equalization in behalf of Oak-
land county. He states that it
will likely be the middle of the
month before the board makes its
report.

From the pastor we learn that
the Methodist church society ex-
pects to wire for electric lights.
It will be pleasant news to friends
of the church to know that the ex-
penses of the past year or so have
all been met and that the church is
out of debt with a sufficient sum in
the exchequer to pay for the lights.
This is an excellent showing when
one considers what has been done.

Farmington has found itself.
The people have awakened to the
fact that they have a delightful
village, but have also discovered
that, in this day and age, people
are not attracted to a town that
lacks such utilities as water and
sewerage. They have the latter
and are now to have the former.
Then they will be prepared to ex-
ploit the village as a desirable
place for desirable people to make
their homes. A model residence
town surrounded by a beautiful
and progressive farming country.

A WELL KNOWN CITIZEN

Eugene Utley Suffered a Stroke of
Apoplexy and Expired Suddenly

There passed away very sudden-
ly last Saturday afternoon a rep-
resentative of one of the oldest
families in the township, Mr.
Eugene Utley.

Mr. Utley was in Farmington
transacting some business last
Friday afternoon and seemed
cheery as usual and quite well.
Before sunset Saturday he was
dead, dropping down in the depot
at Pontiac and expiring before
medical aid could reach him.
Apoplexy was the cause.

The funeral service was held
Tuesday, 11 a. m., at the late
residence, four miles northeast of
this village. Rev. G. E. Gullen,
assisted by Rev. D. M. Ward, con-
ducted the service. Mrs. F. L.
Cook and Miss Lou Grace sang
several beautiful and appropriate
selections during the service.

The funeral was very largely
attended, friends and relatives
coming from Detroit, Pontiac, Ply-
mouth and various other parts of
the state and without the state,
while near neighbors turned out in
large numbers.

Interment took place in East
Farmington cemetery, which, by
the way, is on the Utley farm, the
land having been given free gratis
by Mr. Eugene Utley's father for
burial purposes.

WIT WON FORTUNE

Talleyrand was nineteen when, on
his first arrival in Paris, in 1773, he
attended a reception of Mme. du
Barry at Versailles. The young men
around him were boasting of the fa-
vors they had received from the fair
sex, and the devastation they had
wrought. Talleyrand sat thoughtful
and silent. "You say nothing, Sir
Abbe," said the lady of the house to
him at length. "Ah, no, madame,"
replied he; "I was indulging in very
sad reflections." "And these were?"
"How much easier it is in a city like
Paris to win women than abbacies."
The king, to whom the reply was re-
peated, is said to have conferred on
him the benefice of St. Denis at
Reims, with a yearly revenue of
twenty thousand pounds.

SAW MOONLIGHT RAINBOW.

A moonlight rainbow that hung
over the sea for a quarter of an hour
was seen on Friday night 600 miles
or more from the Atlantic coast by
passengers on the White Star liner
Arabic, which is at her dock here.
Scores of passengers and the crew
watched the rainbow develop and
disappear. The phenomenon is one
of the rarest of marine spectacles.—

burg Dispatch.

Malthoid Roofing

Most roofing guarantees are a joke.
Experience teaches the longer a roofing is guaranteed to last,
the poorer it is.

Manufacturers inexperienced in making roofings, without
knowledge as to their dependability—without responsibility as
to their own financial standing, will very often
guarantee their roofing for any number of years simply
to get the order.

The roofing generally fails and so does the firm that makes it
and they never live to make good their guarantee.

Malthoid Roofing is made to make good and while its
manufacturers guarantee it, their guarantee is unnecessary
because the roofing in itself is sufficient to do
all that is claimed for it.

For twenty-six years, The Paraffine Paint Co., of
San Francisco and Chicago
have made and guaranteed their roofing and
not one single purchaser can ever say that Company has
even hesitated to make good a guarantee.

You can depend upon the responsibility of the makers of
Malthoid Roofing, and you will never have to bother
about guarantees if you use Malthoid Roofing.
