My Delivery. My Physician. My Hospital.

"St. Mary Hospital offered so many choices for me, my baby and my family."

When I first thought about where to have my baby, I was sure of a few things. I didn't want to be moved from room to room, I wanted my family to stay with me, and I wanted the back up of a full-service hospital. St. Mary Hospital's new Miracle of Life Maternity Center offered me the choices I was looking for.

My doctor told me about the new maternity center's private, single-room suites, designed to help me feel at home. I'll stay in the same room for labor, delivery, recovery and postpartum care - they're called LDR's. My best friend, Nancy, and

her little girl can visit when it's convenient for me. I can even have someone stay overnight in my room.

And, the hospital's new Marian Women's Center offers education like Infant Care and Safety classes and a Breastfeeding Program to help us make the adjustment to home life.

For my peace of mind there's 24-hour obstetrical coverage, and neonatology service is available if my baby needs it. State-of-the-art technology includes epidural anesthesia for comfort, and advanced fetal monitoring. All the while feeling very much at home. Close to home.

That's why St. Mary Hospital is my hospital.
