and the seating capacity having been schausted, standing room tickets atone remained. A few of the more prominent educators of the state arrived in the city. Some of them were L. H. Jones, president of the Ypsilanti Normal school; L. L. Wright, state superlittendent of public instruction; C. To Michigan Normal school. Northern Michigan Normal school. Northern Normal school and the Western Michigan Normal school to the meetings of the Western Michigan Normal school.

Usually the public is admitted to the meetings of the association, but this year because of the large attendance of membership in the organization will be allowed to attend.

Slow to Pay Taxes.

There is still no indication that owners of Michigan mortgages are disposed to crewd up to the proposed to crewd up to the proposed to crewd up to the proposed to the pay the specifical in the law passed by the proposed in the law passed by the proposed in the law passed by 194.35 in mortgages; the counties have secured an equal sum, making the total tax paid in, \$13.54.50, while if these securities had been taxed as they were previously the tax would amount to about 155,000, and this amount would be collected annually, while the other amount is collected annually.

Extends Time Till December.
Governor Geborn has ostended the time for the commission, of tax inquiry to make its preport until December I, so those copporation representatives who pleaded for more time in which to preptive to discuss the corporate excess tax with the commission will have no excuse for failing to appear if they really desire to take up the matter.

In view of the developments at the only hearing, beld, meighters of the commission pledi, meighters of the to take up the matter. In view of the developments at the only hearing, beld, meighters of the commission are inclined to take the other with the burt cave the commission of property greatly understanded for tax float the there is understanded for tax float the there is not saying so, but the factly is that according to the impressions its members have been given, they are firmly of the opinion that while the corporation of the opinion that while the corporation of the opinion of the members of the most of the commission of the most opinion of the most of the commission of the most opinion of the most opinion of the opinion opi

Association is Facing Crisis.

The third annual convention of the Michigan State Society for the Privention and Cure of Tuberculosis was held in Ann Arbo. The first paper was read by the president of the state association, Dr. A. S. Warthin, who said that the association was facing a crisis because of the falling off of interest in the moviment and consequently of financial contributions.

thin, who said that the association was facing a critis because of the falling off of interest in the movement and consequently of financial contributions.

The soriety adopted resolutions resolutions resolved, that the resolution is sufficiently and the segregating of advanced cases, and the segregating of advanced cases, and the state of an institution for the purpurposa.

Officers were elected as follows:

President, Dr. Collius Johnston, Grand Raples; fart vice-president, Dr. Gyr Keifer, Detroit; second vice-president, Dr. Hobert Harkness, Houghton; secretary, Miss Carof Valton, Ann John Charles, Detroit; Dr. V. C. Yaughn, Ann Arboron Jahaury 19, Detroit; D

First Clash on New Tax Scheme.

In the first clash between representatives of the corporations of Michigan and the state commission of tax inquiry over the purposed system of taxing the so-called corporate except for the support of the state good ment, both, the corporationists and commission agreed that must good ment, both, the corporationists and extra commission agreed that must all property was assessed and true conditions would private conditions would private the method of the method of post of the state of the conditions to the proportion of the different and as not the property are paying at present, and as not the first method of bringing out a clash valuation for the condition of the
