

WAYNE STATE UNIVERSITY

COLLEGE OF ENGINEERING

We provide you with the most up-to-date technology. The Industrial Manufacturing Engineering program is housed in a new \$7 million building, complete with computer-based laboratories, plant floor operations, and teleconferencing facilities. Our Automotive Research Center includes a walk-in cold room and laser-based instrumentation. Our new Center for Smart Sensors and Integrated Devices offers multidisciplinary research in the most highly advanced labs.

FACILITIES

From Chemical Engineering to Mechanical Engineering, the College of Engineering offers you a variety of programs to prepare you for a professional career or for further study. WSU's Biomedical Engineering graduate programs are one of a kind in the country focused on transportation-related trauma. Join the nearly 3,000 students from diverse backgrounds who thrive in our intellectually challenging and supportive environment.

PROGRAMS

THE INTELLECTUAL HUB
WAYNE STATE
UNIVERSITY.
OF METRO DETROIT.

RESEARCH

You will work and study with the foremost researchers in their field. For 60 years, pioneering research at the internationally known Bioengineering Center has led to improvements in automobile, aircraft and sport safety design. And as part of the Electrical and Computer Engineering department, you can help create smart sensors that will improve the quality of life for millions of people.

PARTNERSHIPS

Engineering Technology students graduate with hands-on experience. Students in the Civil Engineering program have worked in the City of Detroit to create safer environmental and traffic conditions. In 1998 a team of engineering students took first place in a national ethanol car competition sponsored by General Motors and the Department of Energy, beating 13 finalists from around the country and taking top honors in acceleration and fuel economy.

In today's fast-paced, high technology world, Wayne State University's College of Engineering provides a real-world education that's affordable. Our strong collaborations with companies such as General Motors, Ford, DaimlerChrysler and major suppliers provide you hands-on learning opportunities. From building safer cars to improving the environment, WSU's award-winning faculty prepare you to help solve today's problems.
