ACRE PROPERTY—1 acre, 2 acres, 3 acres, 5 acres, 10 acres, 15 acres, 20 acres, 25 acres or 30 of 'em. Take what you want, it's all the same to us. This property is adapted to all those things that make "Life Worth Living" a couple of times, just outside of Detroit. These acres are right where you would buy a lot if they were lots. They are in, close in, the best village near Detroit—yes, Redford of course—and it is a cinch that the fellow who comes to see us pretty quick will learn of something to his advantage. This property has not been offered for sale until now. Come on and see it and get prices. "No trouble to show goods."

A NEW HOUSE—Modern in every way and in a desirable location. 100 feet frontage and nearly 200 feet deep; a size that equals 6 ordinary city lots. Just far enough from the car line to escape the dust—less than a block. House finished in oak and full size basement. Any good, honest, industrious fellow can handle this, even if he hasn't the money. The price will surprise you—no builders profit—no agents commission. The buyer gets the place for less than he can build one like it.

VACANT LOTS—In some of the most desirable locations in the fast growing town of Redford. Can be bought on five dollar payments and everybody knows that they will be worth fifty per cent more next spring. Look back and see what has happened in the past. You are sorry you did not buy something a year ago, and I promise you that you will be doubly sorry next spring if you don't get busy this fall.
