

Camp Fire Coffee

open air? You can smell it now. How do you like it. Nero Coffee always has that same delicious taste. When mother pours it, your old "camp fire appetite" returns.

But for coffee to be good, you must have the right kind. Nero is a blend of pure coffee berries—properly roasted—and delivered fresh. We are sure you will like it.

Royal Valley Coffees

are without that bitter taste—that burnt flavor—that muddy color. They are unusually strong and make richer flavored coffee because they have so much more of that natural rich coffee oil.

Come in and buy a pound of our coffee and you will want none better.

DUSTLESS SWEEPING AND EASY SWEEPING
ARE GUARANTEED BY USING ONE OF

Bissell's NEW
"Cyclo" BALL BEARING Sweepers

Why fill your home with clouds of dust (with "cyclo" balls in curtains, draperies, and furniture), through the use of the "cyclo" broom, when at a small cost you can procure a BISSELL sweeper that confines all the dirt, cleans, brightens and preserves your carpets, reduces the labor of sweeping 75%.

It makes sweeping day a pleasure instead of a chore. As dust is admittedly a carrier of disease, the broom with its clouds of dust is a menace to health of the entire family, to say nothing about ruin it works to fine carpets and rugs, and the money it costs. Consider the economy of Bissell, as it lasts longer than fifty brooms.

Price \$2.75 to \$6.00

Miss Randall's Lecture

Miss Randall's lecture in the M. E. church last Sunday evening was well attended. The large audience was both interested and profited by Miss Randall's account of the World's Sunday-school convention at San Francisco. The church was lighted for the first time with electricity at this service. The fixtures installed are by no means beautiful, but there was sufficient light at least and that is the main thing.
