Neil Daviddi is owner, banjo clock-maker and antiques expert. His shop was formerly located on Telegraph in Dearborn. Bill Rees of Livonia is his assistant.

It appears that all of the 5,000 square feet are being utilized in one capacity or another. At the front of the shop an upholstery work

On display recently was an 1830's Louis XV black cabinet and two matching chairs, imported from France and stored improperly

"It's peaceful here, out of the crowd," Davididi said. "It's a neighborly feel here. And I am pleased to have John Glick as a neighbor. He is a smart and unique gentleman."

Hours are Monday to Friday 8 a.m. to 6 p.m. and Saturday 10 a.m. to 4 p.m. Call 426-7755 for more information.

recently received four young sparrows that were orphans. These sparrows were called fledglings. The family that brought them to me decided that they needed to be saved. The problem was that the birds did not need to be saved. The family informed me, yes there were sparrow parents feed-

**Fledglings** are young birds that have been bootied out of the nest. The parent birds will feed and protect their young until they can fly and feed themselves. This takes about 4 days until the young can fly. You must stay out of the general area of this family. If you do not, the parents will not come down to feed their young. This will cause the young birds to starve to death.

A caring lady brought this egg to me Monday night. This little robin hatched in my hand. What a warm great feeling! This cute 1" long baby was so pink with a little fuzz on its head. The first name I gave it was Nona then changed it to Stormie. The sad part is that Stormie took a turn
