Do you know who your bank is?

A lot of businesses got a new bank recently. Unfortunately, many of those businesses didn't get to choose their new banking partner. And now they're feeling a little concerned.

Metrobank customers have never had to deal with merger headaches. Our customers enjoy superior service from one of Oakland County's last locally owned community banks, built without mergers or acquisitions.

With four convenient locations and over 35 years in the business, we're committed to serving our customers, not Wall Street. For more information about the local bank that's here to stay, call us or stop by any branch location.
