

Bowling world plans for big year in 2000

Happy New year to all bowlers in the Overland. Ten Pin Alley is for you, all about you, your bowling friends and neighbors and to keep you informed on happenings and events that may be of interest.

There will be something very special from the American Bowling Congress for the first bowl to roll a 300 game in the new millennium.

The rules are:
1. The game must be bowled in an ABC sanctioned league or tournament, and must comply with all ABC rules and regulations pertaining to a 300 game.
2. The game must be witnessed by at least three competitors not related to the contestant.
3. The exact time of the 12th strike must be recorded.
4. The winner will be recognized based on the time the game is completed within his/her time zone to allow all ABC members around the world an equal opportunity to win.
5. All details of the perfect game must be verified by the local association.
6. Information to be faxed to Bowling Headquarters (414) 421-8560 or sent by email to Kawic@bowlinginc.com, attn: Karen Sawicki.
