Every Buick Car develops horse power far in excess of its susta, to the Duick Motor is a veritable giant in action, fully wheel and the weight of the load. There remains but out out out frame, body, stearing gear, axles, shaft, differentials, brakes, in the daugerous practice of will be given by Prof Huse Morot rating. The roughest going presents no difficulties to the springs, wheels-everything down to bolts, nuts, and cap screws.

All this enables the Buick to take "low gear" hills on high gear speed, "picking up" at every yard without the shift of a lever.

In addition to all this, the Buick Motor has been so refined that all Buick models for 1912 stand in the front rank with the most silent-running cars. As every car-wise man is familiar with the uuequalled racing record of the Buick, it is not necessary to mention speed.

6 Models, at prices fixed according to power and size. \$850, \$1000, 1075, 1250. 1800. One-ton Buick Truck \$1000

THE SUCKER LIST

When the postoffice authorities "pulled" the Standard Securities' Company, altas Wisner & Company, in New York the other day, they took away with them a bradon lood of nicely engraved oil and mining company cortificates and "hierarure" telling how to make a budding dollar thoseon into many thorsands. Among the paper gathered up by the inspectors was a list of over 100,000 names of people who have bought or might be induced to hav stocks. The inspectors and it the most valuable "sucket list" in exist-ence.
