501 Golf Jokes for (Almost) All Occasions: From the 18th Green – And Everything in Between By Franklin Dohanyos, Citadel Press, Kensington Publishing, Corp., New York, N.Y., \$10.95

BY KEELY KALESKI-WYGONIK STAPP WETTER

BY KELY KAISSIL WIGONIE STATF WAITER kwygonikoe.homecomm.net A lot of people take their golf game seriously, not Franklin Dohanyos.

For him, it's just a game, something fun. For friends who say "Franklin and golf – what a joke!" he has the perfect comeback – 501 to be exact – "He holds up play so much that if you were to look up the word slow in the dictionary you'd see his picture."

holds up play so much that 11 years holds up the word slow in the dictionary you'd see his picture.

Dohnyos is the author of 501 Golf Jokes for (Almost) All Occasions: From the First Tee to the First Tee to the First Tee to the Hist Tee to the Hist Tee to the Way I still golf today, I should have written A Tragic Tale About a Man, His Golf Clubs, and the DNR, laughs Dohanyos.

"You certainly won't be seeing the word Tiger after my name anytime soon. When people ask me about my handicap I simply smile and point to my bag."

At a recent book signing at Shield's in Troy, Dohanyos, dressed casually and comfortably in shorts, greeted visitors with sim million dollar smile, and lots of positive strekes — "it's nice and the smillion dollar smile, and lots of positive strekes — "it's nice alous to see you." Thank-you for coming "You look great."

It takes a lot of courage to laugh at yourself, and Dohanyos, to see you. "Thank-you for coming so you have to read format with illustrations by John Harrow.

His jokes are organized into Ehapters including "Bad Golfers," "Old Nottfers," "Hard." "Religion," Tee Shots, "Liars and Cheats," "Golfing and Women."

"Despite my lousy golf game and the fact that I've hit various objects and animals with my tee shots (I think the DNR is still looking for mel), I enjoy it, he said. "Golfing makes me laugh! So this is my book of favorite golf jokes. It's a salute to the hearty duffer who's out on the links at six o'clock on a warm Sunday morning, the one who's crazy enough to play in freezing November anow flurries, and the ope who's brave enough to bring his wife even though her handicap is lower than his."

Center yourself cleaning house

PRNewswire - Believe it or not, housecleaning can be rewarding. Debl Peterson, a 20-year veteran of housecleaning, says housecleaning can help cen-ter you. It can be a mind-body-spirit connection.

Peterson, a consultant to businesses, who is also trained in yega and kinesiology, says that by connecting with your home while cleaning, you will find what is clutter and what is not. Order can take the place of chaos. Your home will be a retrent for relaxation.

She tells it all in her video, Cleaning Was Complicated Until Now (\$19.95; Tapeworm Video Distributors) in bookstores and

Peterson says, "Cleaning involves beneficial physical movement. Much of our day is spent sitting, and cleaning can be refreshing."

For example, Peterson says a client who is a writer vacuums whonever she is creatively blocked. The physical movement unlocks the thought process and ideas flow. She uses the movements of cleaning to exercise the creative right-brain.

creative right-brain.

You'll enjoy these benefits when cleaning is easy. Peterson's video demonstrates in three simple steps how easy the maintenance method of cleaning rally is. Following this simple routine saves time and money. And getting the family involved shares the responsibility.

All the choices of cleaning tools and products is confusing and stressful. Peterson recommends products she prefers for efficiency and durability. She says not to bother making cleaning products from common household ingredients. Remember, simplify.

Peterson says that houseclean-ing is about making your home enjoyable and not about doing it perfectly. With this approach, cleaning can be thought of as fun and not as drudgery.

Peterson's Cleaning Was Com-plicated Until Now video is available through Tapeworm Video Distributors and wherever books and videos are sold includ-ing Amazon.com.
