BY ALICE RHEIN arhein@oc.homecomm.net

For the past several years, Chelsea's Sleeping Bear Press has been churning out some of the most impressive children's books to come around in a long time

Legendary

The series of legend books, which started with The Legend of Sleeping Bear, now number four, with the latest release of The Legend of the Lady's Slipper.

The Legend of the Lady's Stipper.
Written by Kathy-jo Wargin
and illustrated by Gijsbert van
Frankenhuyzen, the hardcover
book is a suspenseful tale of a
young maiden's run through the
forest to save the people of her

The Legend of the Lady's Sliper or By Kathylo Wargin (Hustrated by Gilsbert von in northern Great Lakes, and the author notes that she heard the tale when she was a young girl in northern Minnesota.

The book focuses on Running The book focuses on Running Flower, a young malden who is dearly loved by her people and has a deep respect for them and the land. When an illness threatens her community, and her mother, Running Flower sets off across the frozon land to find medicine in a distant village.

Through her struggles, Running Flower never loses hope, and her strength and determination are remembered each spring with the emergence of a sea of beautiful Lady's Slippers.

beautiful Ladys Slippers.
Artfully illustrated, van Frankenhuyzen captures the ley tones of Midwest winters and the bright radiance of summers by the fire.
The story is one of both sadness and hope, but ultimately, it is one which shows the strength and power of love.

American history

In A is for America, author and WDIV, Channel 4 anchor Devin Scillian diga into the history of the United States to bring a rhythmic tale of the country's most famous people, places, and ideas.

Cutting a large swath through the nation's history, A is for America tells about the gold rush, independence, jazz, veter-ans — everything from America

to Zane Grey.

Illustrations are often a montage of images, such as the letter "P," which combines Rosa Parks with popcorn, Pike's Peak and pilgrims. It's a stretch, but for he most part, artist Pam Carroll keeps things simple, and uses some special effects to keep the pages turning.

The book is heavy on alliteration, which is great for keeping kids' attention, but hard if you're the one walding through the sea of tongue-twisters.

Each letter tells a short story,

of tongue-twisters.
Each letter tolls a short story,
and the margins give details for
those who want to go a bit more
in-depth. For example, the letter
"J' covers Jamestown, James
Monroo, Thomas Jefferson, Jackson Hole, Wy, and jazz. Each of
these is defined in the margin in
greater detail. greater detail.

grenter detail.

A is for America is definitely a book that can grow with your child. Toddlers will onjoy the detailed illustrations, young elementary students will appreciate the prose, and older elementary students will recognize the wealth of history available in this book.

A is for America is one in a continuing series of alphabet books from Sleeping Bear Press. M is for Mitten and L is for Lincoln are other popular favorites.
