They have many friends here who will regret their determination to leave, but who will wish prosperity for them in their new home.
Recently five of the Holstein cows on Smith & Warner's Elmhurst farm, near Owendale, Huron county, were tested by Agricultural college testers with the result that four were placed in the advanced registry. The committee of the board of supervisors having the matter in charge announce that arrangements are now completed for working county prisoners on the country roads. Any highway commissioner desiring to secure the men must make application to the county clerk, and the applications will be filled in the order in which they are received. The men can be had for two weeks at a time and longer if they are not needed elsewhere. At present there are 16 prisoners available for work.
This paper has not followed the old style partisan method of supplying its readers with news favorable only to its choice for the presidency, but on the contrary has used a great deal of matter for each of the three republican candidates, Taft, Roosevelt and La Follette. This political matter is supplied by the press bureau of the candidates and is given to our readers for what it is worth with the full appreciation of their ability to judge of the merits of each man and the policies that he represents.
A number of business men and others happened to have business in Detroit last Saturday, the day of the opening of the base ball season. The new Navin Field is said to be the finest ball ground in the world and it certainly is a fine place. Nearly 25,000 people crowded the grand stand to its full capacity, and standing room in the outfield had to be made for several thousand. The first game run for eleven innings and was won by the Tigers.
It is expected that the county road commission will begin work on Grand River road in a few days. The present plan is to start from where they left off last fall and build through to the Bosworth bridge in Redford and then go to the county line and build east to that point. This will be done to avoid shutting Redford completely while the road is drying. We learn from Supervisor Burt of Redford that the old cement road in Redford township will be broken up and used to bank the roadway on each side of the new cement track in place of broken stone.
L. C. Schroeder has disposed of his grocery business to W. K. Armstrong & Co., who come here from Plymouth.

Lose Game After Hard Battle

In a hard fought game Wednesday Birmingham defeated the High school nine by a score of 7 to 4. W. Johnson, Farmington High's star pitcher did great work on the mound, but was defeated on account of numerous errors. Webster showed great speed on the bases, copping four. Birmingham gave their pitchers good support throughout the game.
A crowd that numbered nearly 150 saw the game.
While Birmingham won Farmington nevertheless played a good game. The following is a summary of the game: Two base hits—Johnson, Randall; hits by pitcher—Johnson, Purdy; bases on balls—Johnson, 5; Burtraw, 3; struck out—Johnson, 10; Burtraw, 13; double play—Burtraw to Purdy to Randall; attendance—150.
A full report of the plays by innings was furnished this paper, but owing to its length and the fact that so few readers, outside of the players, are interested in the technical report of the game it was deemed best not to print that part of it. We are glad to make as full a report of all games as possible so far as we can and thank the boys for furnishing it to us.

May 15 has been designated for a clean-up day. This does not necessarily mean that we should let the back yard and the alleys go until that time, but that day is set apart in order that attention may be called to all unsanitary places, both public and private, and a concerted move made to abolish them.
There are a few in this place and the people can well afford to give attention to them to the end that nothing be left undone that will tend to, in any way, make the town more healthful and a better place in which to live.

Good Bread

is not always made from good flour. Sometimes, quite often, in fact, the fault is with the cook. But while poor bread is often made of good flour, good bread is never made of poor flour. The best cook in the land cannot do it. She must have the right flour and we recommend and warrant our **PEERLESS** brand for either Bread or Pastry. Spend your money for a home product. It will pay.
