

Judge Richard Maher Seeks Circuit Court Vacancy

Executive Judge Richard M. Maher pushed his campaign out-county for a promotion from the traffic division of Detroit's Recorder's Court to the Circuit bench.

Maier is running for a vacancy which has existed for two years.

In addition, Maier has won the blessing of the Detroit Fire Fighters Association, the Wayne County AFL-CIO, the Detroit Building Trades Council, and the Detroit Police, Detectives, Lieutenants and Sergeants Association.

Maier is presently executive

judge of traffic court. Elected to the post by his colleagues in 1966, Maier formerly served as Detroit Traffic Court Referee, member of the Detroit Board of Zoning Appeals and member of the Wayne County Board of Supervisors.

In his service as chief of traffic court, Maier has won a national reputation as a leading exponent of the theory that traffic judges must make their voices heard by the public in a constant campaign for traffic safety.

An advocate of the fair but firm enforcement of traffic

laws, Judge Maier has made literally hundreds of personal appearances before church, civic, business, service and labor organizations in his continuing campaign "to preach the gospel of traffic safety."

Maier has lectured widely on matters of traffic court administration, including appearances at the University of Michigan Institute for Continuing Legal Education and the American Bar Association Conference on Traffic Safety. Just this month, Maier is the principal lecturer at the American Bar Association Committee on

Traffic Court Administration Conference at Denver, Colorado.

The court earlier this month promised tougher treatment for traffic law violators.

Maier announced that since the new program went into effect the fines and jail terms of persons convicted of driving with a suspended or revoked license or during no-driving probation have been doubled.

The first 20 drivers in cases of this nature that came into court, Maier said, received an average of 10 days in jail

and \$100 in fines. More flagrant cases received even tougher penalties.

Maier pointed out that with 31 traffic deaths recorded in June of this year, making it the worst June for the city since 1936, the annual toll could easily reach 300 deaths unless some drastic action is taken or unless more citizens voluntarily obeyed traffic laws.

Maier also, in the name of the court, appealed to the mayor for more police officers to be assigned to traffic duty. Hopefully this may be realized soon, he said.

Richard M. Maier

Area Scouts Plan Trip To Jamboree

Several Scouts and Explorers from this community are expected to be among the 468 boy members of the Detroit Area Boy Scout Council contingent attending the 7th National Jamboree at Farragut State Park, Idaho, July 18.

Forty thousand Star to Eagle Scouts and Explorers from every state and over a hundred foreign nations will take part in the huge encampment on Lake Pend Orielle in picturesque Farragut State Park. During their 7-day stay at the Jamboree the Scouts will

be occupied from early morning to late evening with dozens of new and different Scoutcraft activities, field sports events, conservation projects, outdoor religious services, evening arena shows, skill booths, speakers, entertainers and, of course, the age-old custom of "swapping" with fellow Scouts.

An important part of a boy's Jamboree experience is the opportunity for him to see more of the country in which he lives. For many it will be the first time they've seen mountains.
