We don't take many strolls
about the garden during the
winter, but mice and rabbyds
do, in their search for Jodo,
they may harm choice plants. They eat the bask near the
base of the plant, and when
a branch has been completed
by encreled, it dies. Uncut
grass around the base of a
plant makes a good resting
place for mice. It's wise to
applie trees with andware
cloth or other beavy linemesh screen. Encrele te
trunk to a height of two feet.
This will gove protection.

# EARLY GIFT ADVERTISING MAKES GOOD SENSE FOR YOU!

Each year we hear that "commercialism" is obscuring the true meaning of Christmas.

Yet as Christmas Club savings plans are thoughtfully begun at the first of the year, and children's piggy banks are gradually and eagerly replenished, we see that the spirit of Christmas lives all year through.

An increasing number of shoppers each year ask the merchant to stock Christmas gift merchandise earlier. Layaway giftpurchases are made in August and September. These shoppers benefit from early Christmas adver-

tising. They find the gift they want, in the

By informing the public that Christmas gift merchandise is ready before Thanksgiving, the immediate pre-Christmas rush is greatly eased. Therefore, the burden on the store clerks and others involved in the handling and distribution of Christmas purchases is lessened considerably.

With shopping pressure eased for everyone, the time immediately preceding Christmas may be devoted to the proper observance of the Holiday.
