## A Good Attitude

The dictionary defines "attitude" as a manner of acting that shows one's inward thoughts and feelings. Each of us has an attitude, and the way we project ourselves to others helps shape our character and define our personality. A person's attitude and individuality are developed over the years as a result of all the positive and negative situations they encounter. A person with a good attitude is usually more congenial, friendly and pleasant with others. They are well liked, easier to get along with and less anxious. In general, people just seem to enjoy their company. A more negative person with a poor attitude seems to worry more, is often uneasy and frets about things that may happen in the future. Changing one's attitude or personality is difficult. However, all things are possible with God. The Bible tells us that we should have the attitude of Christ Jesus (Philippians 2:5). As humans, we have all come short of His glory. Although it is not easy to always have a good attitude, God wants us to keep trying to be the best person we can be. When a man's ways please the Lord, he makes even his enemies to be at peace with him.
