Get Ice Cold Central Air for About \$12 a Week

Wouldn't it be great to have a new, ice-cold air conditioning system in your home? That's good - Because this is a nerfect time to get it!

Each month, your old air conditioner "steals" energy dollars from you. A new system may out 30% off your energy bills.

What's that promise? What's that promise?
Many companies "talk"
energy savings, but won't
guarantee it. Why? Because
installation makes the
difference! So we put our
expenise at stake --

National Heating & Cooling guarantees that if you don't save at least 20% in energy use in the first year over your old central system, you'll get a check for the difference! We want to be held responsible.

Plus, you'll get our "5-Year Worry-Free Warranty". Many companies make you pay labor to fix your new system!

We don't think that's fair. We won't let you pay for repairs for 5 years with our system.

The best reason to get ice cold air now is low payments! We can't continue this offer through summer while others are willing to pay full price.

So your opportunity to get a new Carrier air conditioning system for about \$12 a week gets slimmer each day you delay. (All while your old system is still robbing you!)

No Decision or Cash Needed Find how much you can save with a new system...free with no obligation at all.

That's right, just call (313) 864-8443 and I'll send a friendly, professional Tech to assess your needs and let you know your savings -- For fr

The call and the survey are free. The sooner you call, the sooner you start saving. That's National Heating & Cooling at (313) 864-8443.
