Southfield Public Schools is offering a new and exciting full day Advanced Learning Summer Camp for interested academically talented students currently in grades 6-8 entitled "Learning Quest".

- MATHEMATICAL COMPUTATION AND ENGINEERING DESIGN
Students will utilize advanced mathematical skills and engineering ingenuity to design and create an engineering project.

- SCIENTIFIC AND MEDICAL MAGIC
Students will be introduced to and explore the chemical, environmental, physical and biological sciences. They will become familiar with utilizing the scientific method in their investigative research.

- APPLIED BUSINESS AND COMPUTER APPLICATIONS
This course will expose students to the principles of business and marketing. They will also use the computer to create a business plan of their choice and design a web page to market their project.

- ADVANCED CREATIVE TECHNIQUES IN MUSIC, ART, DANCE
Students will be exposed to advanced techniques in Music, Art and Dance. They will have the opportunity to create an artistic extravaganza utilizing the techniques learned for a culminating performance.

- ADDITIONAL COMPONENTS
Students will engage in hands-on, experiential based activities. Cooperative learning teaming and differentiated instruction will be implemented to enhance the learning environment. There will be field trips to a college/university, business and/or a medical facility.

~ ALSO AVAILABLE ~

- SUMMER ACCELERATED ENRICHMENT ACADEMY (Grades 2-5)

June 23 - July 25 - Five-Week Session
