Try Something New

When was the last time that you participated in a new sport or game, or tried your hand at a new hobby or craft. Or, on the intellectual side of things, when was the last time you changed your views on an important issue or read something from a point of view that you wouldn't normally consider? For instance, if you are a Christian, consider reading the Koran, the Talmud or some other religious text. God has revealed Himself to different people in different ways, and being open to new experiences is a good way to promote personal growth. There are an innumerable variety of things for us to experience in almost every area of life. Food, music and literature, to name a few, provide us with endless options to experience something different. And, the real tragedy of becoming stuck in the same rut is that it blinds us to what truly animates our fellow human beings. God made all of us marvelously different, and being open to new experiences allows us a glimpse into the sympathies and interests of others. So try something new. Take a course in a new field, travel somewhere different, or just sit down with someone whose culture or background is different from yours and listen to what they have to say. Remember, everything reveals a different aspect of the face of God.

For everything there is a season, and a time for every matter under heaven.
