At Crittenton Emergency, quality care starts before you ever see a doctor.

From simple emergencies to trauma care, Crittenton's Emergency Services have been developed to take the pain out of trips to the ER.
 Our CareExpress program allows patients with minor emergencies to also be treated promptly.
 With 24-hour care provided by Board Certified Emergency Physicians and Certified Emergency Nurses, we are the primary emergency medical provider in Northeast Oakland and Northwest Macomb counties.
 And because children don't always get sick during office hours, we offer the Crittenton Pediatric Urgent Care Center... after-hours pediatric care for non-emergency situations.
 It always helps to know that there's someone there for you, day or night, right around the corner.
