corded Durin, Period From
July i To End of Year

The last six months of 1928 in Farmington were replete with happenings of interest to the entre community. Changes in organizations, desiths of several world with happenings of interest to the entre community. Changes in organizations, desiths of several world with a property of the p France Using Her Climate
France has more varieties of climate
France has more varieties of climate
than any, other country and Europe,
There are parts and the long winter
amost try and the long winter
and the long winter
to state the long winter
to state forces are being bred.
Another experiment is being tried out,
that of, raising reindeer. The, tirst
consignment of a dozen has just left,
Norway for Rouen, where they will be
taken to the center, near Grenoble. It
is prinder take to the Alpine climate, it is hoped to breed suiticient
numbers largely to replace horses and
cattle for agricultural traction.
