**6th DISTRICT SCHOOL NOTES**

Primary Room, Wm. Grace School  
Mrs. Lon Rapsion, Teacher

Dr. Volk came to our room Monday to give us our third treatment for diphtheria prevention. We were very much pleased when he praised us for the good order and discipline. He said it helped him a great deal in giving the treatment. Dr. Volk will be here next Monday at about 2:30 p. m.

We are proud of our Washington-Lincoln bulletin board. We have all contributed pictures and Mrs. Rapsion has told us many stories about the two famous men.

The Primer class have all earned their readers and everyone is doing good work. Only one person is poor in numbers now and everyone can write plain enough so that anyone can read the copy.

**What Is A Bargain?**

In this community are hundreds of individuals and families on the watch for an advertisement which will offer them what they want at an advantageous price.

Call them bargain-hunters if you like, but thrifty shoppers would be the better designation. Thrift is a commendable trait and merchants should cater to it.

One family wants a new carpet—the need is not urgent. Another family is looking forward to buying dining-room furniture—it may not be for a twelve-month.

One man is thinking of buying himself a watch. One woman a shopping bag, another an umbrella. All can be made to buy earlier—by advertising. Advertising can make the desire so keen that the bargain is forgotten in the fever for immediate possession.

**ALERT MERCHANTS**

Stimulate business by the offer of some slow-moving lines at special prices. They brighten up business by advertising desirable goods at reduced prices. Advertising banishes dull business. Often you can tempt the buyer who is biding his or her time, to buy from you—at a time of your naming.
