Many ingenious devices were used by the members, each of whom represented a book. Mrs. Cook won the prize offered for the greatest number of correct answers to questions on the names of authors. An attractive feature of the program was a series of tableaux arranged by Mrs. Pierce.

The next regular meeting will be held Wednesday, March 13, at the Universalist Church. This change from the place as announced in the year-book was made in order that members may invite friends. The program, too, has been changed to that announced for April 24, Home Economics. Mrs. Pettibone, Mrs. Daines, Mrs. Comstock, who will be in Farmington on that date, are the committee in charge.

Members are asked to respond to roll call with household hints. A capable speaker has been engaged, Mrs. Julius Moeller, vice president of the Central Trust Company, Detroit, who will tell of "Some Things A Trust Company can do for Women and Children."

DUNLOP'S SURETY BOND

versus Mileage Guarantees

USUALLY the poorer the tire, the longer the mileage guarantee.

What you really want is a certainty that your tires will keep rolling. This is what you get with this new Surety Bond. It's backed both by Dunlop AND the American Surety Company.

It is as clear as crystal. In effect it says that for the first 12 months we will take all responsibility for your Dunlops giving perfect service. It doesn't matter whether a tire fails through accident, or collision, or blow-out, or misalignment, or rim-shock, or road-cuts, or injuries, or tube-pinch, or valve-tearing, or faulty toe-in, or under-inflation. We repair it free. OR you get a new tire at a reduced price, depending on the time you have run it.

You just know the Surety Bond will be fulfilled. You just know that Dunlop Tires must be finer and stronger and better—otherwise how could they be backed by a Surety Bond like this.

Come in and read a copy. You will find it refreshing in its directness and its liberality.

Dunlop's new Winterized Tires now in stock... This dies away with chains.
