

White Lake.

Harry Doty, Lyle Garner, Jos. Jackson and Wm. Mulligan were among those who visited the state fair.

Mrs. A. P. Goodell and daughter, Eliza, were recent callers at R. D. Hubbard's.

News received last week from Mr. and Mrs. Carl F. Jackson of Eaton, Col., tells of the birth of a daughter. The baby has been named Roberta E. Jackson. All doing nicely.

Mr. and Mrs. R. D. Hubbard have received word of the safe arrival of their daughter, Mabel, in Hawaii, where she is teaching in one of the government schools.

Conroy's Corners

Mrs. Harry Bartlett and son, Floyd, left Thursday morning for Simpcro, Canada, where she was called by the serious illness of her mother.

Frank Shear attended the state fair Friday.

Miss Lydia Gnyman of Detroit was the guest of Miss Lorraine Conroy Saturday and Sunday.

Mr. and Mrs. Omer Conroy entertained relatives and friends from Detroit and Maidstone, Canada, over Sunday.

Mr. and Mrs. Tom Denmore and the latter's father, Mr. Schrage, spent Saturday in Detroit. Harry Bartlett attended the state fair Thursday.

Max Sprenger was a Pontiac caller Monday.

Chas. Davis, who has been employed in Detroit, has had to give up his position on account of rheumatism.

Mrs. Denmore entertained company from Detroit Tuesday.

Mrs. Omer Conroy went to see Vaughn Glaser in "A Grain of Dust" at the Lyceum last Wednesday and, as usual, reports it as one of his grand successes.

Mrs. Chas. Gravin and little daughter, Mabel, spent Friday with relatives in this vicinity.

Chas. Shepherd of Southfield called on relatives in this vicinity Monday.

Dr. Sherrill of Detroit was out to his farm on Monday.

Carl Hutton and Carl Ely were business callers in this vicinity Tuesday.

Mrs. Frank Shear attended the state fair Thursday.

Mrs. Harry Reynolds and two children were Troy visitors a few days this week.

August Layaz is making some improvements on his farm, as is also Harry Reynolds.

Ralph Nohl entertained a cousin in town Cleveland a few days the past week.

Geo. Cram was a Detroit business caller Monday and Tuesday.

Frank Shear and daughter, Clara, were Northville callers Friday.

G. V. Conroy spent Saturday at the state fair.

Rdford

The last, and most likely the best ball game of the season will be played at Redford Saturday of this week.

Miss Mary Turner, a teacher in the New Baltimore school, was a guest at the Ramsey home the last of the week.

The carpenter who is working for Ernest Knowles is moving his household goods to the village and will occupy a flat in the Buena terrace.

Mr. and Mrs. R. B. Northrop entertained the latter's parents, Mr. and Mrs. Will Johnson, and an aunt, Mrs. M. R. Seeley, a of Northville, Sunday.

Mr. and Mrs. Lou Gough are going to housekeeping in the Hockey house. Mr. and Mrs. Hockey will move into the new home they have been building in the western part of the village.

Stephen DuBois has purchased the Methodist church at DuBoisville and will convert it into a barn. The building stood on a portion of his farm. The church

at Bell Branch has also been sold to be made over into a barn. It was bought by C. A. Lahser who will move it on his farm that he recently purchased near there.

The Methodist church is not going to lack for music if the plans made are fully carried out. There are to be a men's choir, a ladies' choir and a girls' choir.

E. B. Wilhelm has been engaged to lay out and plat a subdivision on Woodward avenue and also is drawing the plans for a couple of fine bungalows to be built at Cass Lake.

The young ladies of the Branch of the Vine entertained with a corn roast Friday evening at the farm home of the Misses Reid. A bonfire was built and corn and potatoes roasted in the ashes. A very pleasant evening was spent by a large number of young people.

Rev. Loomis informs the Record that the gymnasium will soon be installed in the basement of the new Methodist church. Some of the equipment has been secured already and when it is opened for use it will be for everybody in the village regardless of creed or condition. Very liberal rules will govern and it is the idea to make it for the benefit of the whole community.

The game last Saturday was about the best exhibition of real ball playing that has been given on the home field this season, and unfortunately, owing to the state fair and other attractions there was the smallest crowd of the season out to see it.

The visiting team was the D. U. R. from the Monroe street shops. That was the scheduled game, but during the progress of the game, the players were called away from the Mundus, the Temples and other strong city teams.

The city fellows have learned what they have to go up against when they come out to Redford, and they strengthen up for the purpose.

Owing to the darkness only eight innings were played and the score was a tie, standing four for each side.

Clarence Hutchins pitched for the home team and his work was consistent throughout. He never wavered from start to finish and the game was one of his best for the season.

With only the exception of one inning, when the home team muscled things up for a few minutes, allowing the visitors to run in a couple or three unearned runs, the game was handled in professional style.

The two teams will play the game over Saturday afternoon of this week to decide the tie and there is no question but that it will be a hotly contested affair. The game has excited such an interest that there is a probability that the stores will mostly close during the contest and everybody will be at the ball field.

Those who love a good ball game will surely see this one.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one druggist who has decided that there shall be a cure in all its stages, and that is the only way to cure a disease. The only way to cure a disease is to cure it in its early stages. The only way to cure a disease is to cure it in its early stages. The only way to cure a disease is to cure it in its early stages.

Antoine Deloria, postmaster at Garden, Mich., knows the exact facts when he speaks of the curative value of Foley Kidney Pills. He says: "From my own experience I recommend Foley Kidney Pills as a great remedy for kidney trouble. My father was cured of kidney disease and a good many of my neighbors were cured by Foley Kidney Pills." Sold by T. H. McGee.

FOLEY'S KIDNEY PILLS
FOR BACKACHE, RHEUMATISM AND BLINDNESS

THE COUNTRY'S BUSINESS AT FLOOD TIDE

From Every Section of the Nation Comes the Good News of a People's Prosperity.

BIG CROPS, PLENTY OF WORK, GOOD WAGES

That Is the Chorus That Comes From Every State, and It is a Song That Must Gladden the Heart of Every American Who Loves His Fellow Men and Wishes Them to Prosper.

THE country is at the flood tide of prosperity. The last four years under Republican laws and Republican policies mark a triumphant climax in the nation's history.

From the day that William McKinley, in the name of the Republican party, assumed control of the government, down to the present time, when William Howard Taft is proving the worthy and patriotic successor of the martyred president, there has been uninterrupted progress, unexampled prosperity, marvelous growth.

Business everywhere is booming. Labor is in great demand and wages were never better. Bank deposits are increasing. Railroads are carrying enormous quantities of freight. Shipbuilding has taken on a new lease of life. Farmers are making money and miners and all other classes of workers are busy. Never was such universal activity known before.

The details presented in these columns tell their own convincing story. They are gathered from all sections of the country—a broadside of interesting, instructive facts that demonstrate the widespread blessing of prosperity all over the land.

"EVERY PROSPECT PLEASES"

Bradstreet's Report Says That Trade Continues Its Onward March.

Bradstreet's Report, a recognized authority on business conditions, sums up the present prosperity in the following words: "Every prospect pleases and trade continues its onward march. Cumulative strength appears to be the order of the day. The quickening impulses of better things are extending to sections that heretofore have been relatively backward, and what is most significant, gathered crops contribute even higher yields than were anticipated a fortnight ago, with those yet to be gathered—corn and cotton—giving evidence of astonishingly good progress. The crop situation is such as to generate optimism, the influence of which on trade are clearly apparent all over the west."

"Steel business has never better specifications in August were of record proportions, pig iron is active at an unprecedented rate of production, and higher prices have been named on a number of finished lines. Jobbers of dry goods have enjoyed a good home trade despite the holidays, visiting buyers still being in evidence, and road sales are larger, while business for spring is opening in a good way with first hands."

PROSPERITY IN THE WEST
Chaletman Lovett, Reports Crop and Business Prospects Good.

From the New York Tribune. Dr. Judge R. S. Lovett, chairman of the executive committee of the companies embodied in the Harriman system, who reached this city at the close of last week from a five weeks' trip in the west, said yesterday as the result of his observation that the crop and business outlook could not be more encouraging. As to the crops, he said he did not see how they could be better, and business was for that reason unusually good. Labor, however, was very scarce, and as a result, the cost of the construction work of the system's roads was being delayed.

Business Continues Good.
From the Jackson, Mich. Patriot, Sept. 11, 1912. As to the general business of the country, although within less than eight weeks of election, with conditions growing favorable among candidates, there can be two opinions. It is large and tends to become larger, in some cases showing a volume never before recorded.

"This is especially the case with those industries which supply a large volume of business in other lines and directions, such, for example, as the industrial demand for fuel, and the largest output ever known in manufactured steel."

At no time in the history of this country has the production of steel been so great, and its relation to other industries is shown in the large orders received from the railway equipment companies.

A Great Business Revival.
From the Independence, Kan. Daily Reporter, Sept. 11, 1912. Pronounced revival of business prosperity has set in, according to the belief of business and financial men from all over the country. A decided awakening from the period of excessive dullness and limited business operations that has continued in the country since 1907 is widely pronounced by men in touch with business conditions.

BUSINESS IS BRISK

Local Merchants in the Towns Find Receipts Increasing Each Month.

Under the heading, "Business is Brisk this Fall," the Freeport, Ill., Journal says that local merchants are optimistic and that "autumn displays in local windows include great variety of high class goods that will sell well." The Journal then says: "Recent reports from shippers to almost every section of the country give one the idea that the only thing we will have is one of freight rather than of produce. The conditions in the harvest fields of our great grain sections this year have demanded more labor than they could get, and that condition has not existed for several seasons. Wages are at the top notch and there is plenty of work. Factories are working full force and many of them over-time. And the farmer still buys automobiles."

"Among local merchants business has been good this summer and each month has shown an improvement over the corresponding month" one year ago."

WILL DEPEND UPON ELECTION

Politics, Unfortunately, Will Have an Influence Upon Continued Prosperity.

In an interview published in New York Mr. James B. Alexander, president of the National Bank of Commerce, said: "Merchants have been increasing their stocks. Labor is well employed. Tremendous crops are assured. The outlook is exceedingly good."

But Mr. Alexander added that politics, unfortunately, were a factor in the situation and that if present conditions were changed by the election, the business world would naturally suffer.

THE STORY IN HEADLINES

From the Chicago Record-Herald, Sept. 17, 1912.

AMPLE CASH IN BANKS FOR BUSINESS NEEDS
Enough for Crop Moving and Legitimate Enterprises, but None for Speculation.

GOLD COMING FROM EUROPE
Engagement of \$750,000 First of Series—New York Exchange at a Premium.

Bright Business Signs.
From the Reading, Pa. Times. It gratifies the Times to be able to bring to the attention of its readers the many evidences of business improvement appearing in all sections of the country. Those come from the west as well as from the east, and affect the agriculturist as well as the industries and financial and commercial houses.

Let Well Enough Alone.
From the Quince, Ill. Whig. It strikes us that we should be satisfied with our present prosperity under President Taft and not be misled by those who are trying to create a spirit of unrest throughout the country.

LEGAL NOTICES

Probate Order
