Small favors are always thankfully received, but often unthankfully remembered.

CASINO PAVILION AT WALLED LAKE OPENS SATURDAY

"Broadway Collegians" Orchestra Returning With Two Added Pieces This Season

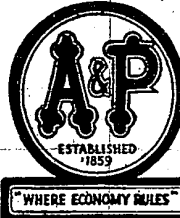

With extensive improvements made in the pavilion and an augmented orchestra, the Walled Lake Casino Shores Pavilion will be opened to the public for the 1929 season of Saturday evening, April 13, L. Tolettine, proprietor, announces.

Last year's popular musicians, the "Broadway Collegians" of New York, who made the biggest "hit" in the history of the Walled Lake pavilion, are returning for another season. Not only will they bring back the same smart, modern music for dancing, but two pieces will be added to the organization, that last year brought large crowds to the Walled Lake dancing place.

The pavilion itself, which has won the name of "America's finest summer resort ballroom," has been improved in both interior and exterior, and will provide ample facilities for large gatherings. It is one of the largest floors in this section of the United States.

After the opening Saturday evening, there will be dancing every evening except Monday, throughout the summer and fall.

Are You Planning A Home?

Here is a suggestion . . .

Builders of the most modern homes of today are including in their plans specifications for extension telephones in various rooms. The old time reception hall telephone is being augmented by extension telephones in the library, bedroom and kitchen. They promote convenience and quick answers.

The additional cost is slight, and adequate telephone service is a requisite in the present day home.

The Telephone manager will be glad to tell you more about extension telephones and house wiring plans.
