CLARENCEVILLE

Mrs. Fred Menke,
PHONE: 2522

There will be a Mother and Daughter banquet at the Clarenceville M. E. Church Friday evening, May 10 at 6:30 p. m. An interesting program will be given Miss Marson of Detroit being the soloist and Mrs. Roos of Farmington the speaker.

Fred Menke is improving. Mr. and Mrs. Otis Jensen spent the week end in Alma, the guests of Mrs. Gertrude Joseph and family.

Mr. and Mrs. Charles Rogers spent Sunday in Ypsilanti, the guests of Mr. and Mrs. Charles Hartman.

Leo Cauzillo of Redford has bought the Clarenceville Hardware.

The card party given at the home of Mrs. Otis Jensen on Wednesday for the Ladies' Community Club was very successful. There were about fifty present. There was dancing after the card games and a luncheon was served.

A new kind of machine was seen recently in Atoyac, Mexico. Natives of the Pacific coast town viewed this modern invention with a great deal of curiosity. It was an automobile.

General Rafael Sanchez, commander of the State of Guerrero, drove a Model A Ford phaeton across country from Acapulco to Atoyac, over land so rough that none had made such a journey before.

Everything you want or need in a modern automobile

There is nothing quite like the new Ford anywhere in quality and price

NEW FORD PHAETON
A roomy touring car, in a choice of beautiful colors. Windshield and windshield wipers are made of Triplex shatter-proof glass.

UNTIL you ride in the new Ford—share its comfort—know the thrills of guiding it easily and safely through thickest traffic or stepping it up on the open road, you cannot begin to appreciate the value that has been built into this car.

It is difficult to believe that so much beauty, quiet, comfort, safety, speed and power can be had at such a low price. It would be impossible if this new car were made by anyone but Ford.

The low price of the new Ford and its exceptional performance are the result of manufacturing practices and economies as unusual as the car itself. The new Ford is more than a new automobile. It is the advanced expression of a wholly new idea in modern, economical transportation.

For here, at a low price, is everything you want or need in an automobile—beautiful low lines and choice of colors . . . four Houdaille hydraulic two-way shock absorbers . . . Triplex shatter-proof glass windshield . . . fully enclosed, silent six-brake system . . . vibration-absorbing engine support . . . quick acceleration . . . 55 to 65 miles an hour . . . typical Ford economy, reliability and long life.

Come in and let us demonstrate the performance of this car. You'll get a real thrill in driving it.
