

CALLED TO RUBBISH FIRE

Fire in a rubbish pile near the old D. U. R. terminal building on Grand River avenue occupied the Farmington fire department for some time Monday morning. The call came not long after another,

to the "old D. U. R. house" on Division road. A town should always be one where the people are friendly, where progressiveness is appreciated and where good roads make it easily accessible.

Students And Owners
Of Cars To Have Trip

Owners of Oakland-Pontiac cars in Farmington and vicinity, and boys and girls of Farmington High School will go on a trip Saturday afternoon to the General Motors Proving Ground at Milford, the event having been arranged by C. H. Dunham of the Farmington Oakland-Pontiac Sales.

The boys and girls to go will be those who had the highest standings in a test on the manufacture and assembling of Oakland and Pontiac cars sponsored by Mr. Dunham. The Oakland Pontiac owners will go along to enjoy the fun.

A complete round of the Proving Ground and its many attractions is promised by Mr. Dunham. The party will gather at the Farmington High School building Saturday afternoon at 1 o'clock. The trip will take most of the afternoon. It was originally scheduled for last Saturday afternoon, June 1, but delay of one week made it possible to secure more advantageous arrangements.

While the Proving Ground is open to visitors at regular intervals, a party sponsored by a General Motors dealer is assured of "seeing everything" and for this reason all Oakland-Pontiac owners are specially invited to go on this particular trip, Mr. Dunham states.

INTRODUCES NEW MODEL

A new model Kelvinator, described as "electric refrigeration's greatest triumph," is introduced this week by the Farmington Hardware Co. Known as the "Silent Four," the new refrigerator sells for a lower price than has ever before prevailed on a Kelvinator.

THE BUILDERS

When we build, let us think that we build forever. Let it not be for present delight nor for present use alone. Let it be such work as our descendants will thank us for, and let us think as we lay stone on stone, that a time is to come when those stones will be held sacred because our hands have touched them, and that men will say, as they look upon the labor and wrought substance of them, "See, this our fathers did for us."—John Ruskin.
