Farmington's Famous Fountain Awaits All

For years Farmington's drinking fountain in the center of town has enjoyed a reputation that brought the thirsty from far and near. During recent months, however, the fountain had taken on a rather uninviting aspect, and so the fountain lost "customers."

The City Commission, discussing the matter, decided that the fountain was a fine advertisement for the town, too good to be neglected. So they voted purchase of a pump.

The Commission's program, however, is based on economy, and Commissioner Emory Hutton decided that the old one might be made attractive. Some while point did the job and now Farmington's famous fountain is ready to refresh the thirsty again.

Parents in the community are asked to admonish their children to help keep the fountain clean.

If the disguised biography habit persists we shall soon have to regard new novels as work of fiction.

How to Dodge the Sheriff

By RING LARDNER

To the Editor:

A great many of my creditors, and their pals has probably been wondering how come that we are loose as a couple years ago I was almost shanking hands with the referee in bankruptcy and when as I am now on my ft. again and get pretty near enough money to pay my last November grocery bill.

Well, friends, when I find out a good thing I am not the kind of a bird that will keep it to himself but I will pass it along and tell my pals about it so as they can take advantage and pull themselves out of the hole the same like I did.

Well about a year ago I was talking with my wife and myself I night and she says how is it that I and you are making about 200 berries per wk. more of 1888 and we are every-where in Illinois except the west, and on the other hand here's the tumbles living next doors to us and him only getting 40 thousand per annum and yet they seem to enjoy themselves a whole lot more than we and don't owe nothing.

So I said what of it.

"Well," she says, "I been reading the magazines a while but lately and I seen an ad in 1. I signed by the Illinois Day Corporation and it's supposed to tell the husband and their wife how to get themselves on their ft. and the course only costs \$7.00 so why not let's subscribe for 1 and you don't have to go in advance, but first you get the course and read it and then you can pretend like you don't care nothing about it and send it back to them and they refund you the 3 spot."

So I said all right then I really do when she speaks to me at all and she sent for the course and it come in a form of 5 books, which I didn't have time to read and she read them and sent it back to them with the words that it was not no good, but at that it was good enough to get us out of our troubles and look at us now.

Well, the idea was this in a few words. In the first place most of our debts was due in bills like ten dollars and the books says:

"If you owe ten dollars apiece to a whole lot of people in the same town, why the idea is to quietly move out of that town as far as you can and made to some other town, and the merchants and etc. back in the old town won't see you because it would cost more than the debts is worth."

So the night we quietly moved out of the old town and however to Grand Neck, and we haven't heard nothing since from people we owe money to.

Well the next lesson in the course was to get yourself a job that paid more money so I day I went down to N. J. City and went in a man's office that I had heard about him, and I said I wasn't getting enough money in old Chi, so he said what did I want and I said I wanted a raise and he gave it to me.

So as I say here, we are living in Great Neck and getting more salary than out in old Chi and all our debts repaid and they can't see us on acct. of how much it costs on acct. of the distance and here we are living in the lap of luxury in Long's Island and all we have to do is to keep out of old Chi or go their incognito, and on acct. of the wife seeing the Illinois Day Corporation ad in this here magazine, which the pure reading matter was so bad that she felt like she had to read the ad.

Now gets I don't want you to take my testimony without no supports, so I will tell you about a couple of friends of mine along the same lines that was in as pretty a pickle like we and seen the same ad and got the same results as us or better as follows: beginning with a letter I got from a friend of mine name Chas. Clarke as follows:

"Dear Old Pal, You know how Mildred and I used to struggle along while I was earning \$10.00 per week as clerk in the Bon Ton Market which my uncle owned it and I was the only boy."

Well one day Mildred read me the Illinois Day Corporation ad in one of the magazines about how to pull yourself out of the rut so she wrote them and they wrote back advising me to quit being the clerk and become the prop. so one day I took a big cleaver and used it on my uncle and by the time I got through there wasn't enough left of him to be prop. of a soda fountain in Cuba so now I and Mildred is running the market and last year we laid away \$1.03."

The other letter is from a carpenter friend of mine that lives at Fifth Avenue and 79 St. and in 2 yrs. he was only able to save \$20,000 so I day him and his wife happened to see each other and began talking and she seen this ad and wrote to the Illinois Day Corporation and they wrote back and told him to raise his and get more money so he wrote to the union and told them he wouldn't carp no more unless they give him more money so they give him a raise and now he is making more than a lot of carp conductors and not having 1/2 as good a time.

That is the way it come off boys and girls and if you are satisfied to go along worrying about financial matters you will end bad but if my little tale has showed you the way out why I am satisfied without no further numerations only the knowledge that I helped drag you out of the Meyer.
