Electric Cooking Is COOL

IN summer, the heat of an ordinary oven makes the kitchen almost unbearable. Electric ovens are liberally insulated, and the increase in kitchen temperature when the oven is in use is hardly noticeable. The heat is kept inside where it is needed—one of the several reasons why electric cooking is efficient.

You can enjoy electric cooking in your kitchen now. Convenient time payments and a liberal allowance for your present cooking equipment make it unusually easy for you to own a modern electric range. Come in and inspect the many attractive models.

COMMISSIONERS PROCEEDINGS

Regular meeting of the Commissioners of the City of Farmington held July 15, 1929.

Called to order by Mayor Lamb at 7:50 p. m.

Commissioners present, Hogle, Hatton, Staman, Gillemester, Goers and Otis.

Minutes of the meeting of July 1 read and approved.

Mayor Lamb appointed Commissioner Otis a committee to confer with the Detroit Edison Co. in regard to the maintenance of all the signal lights at the corner of Grand River avenue and Farmington road.

John Thayer presented a plan for a map of the City with six assessors' plats. The estimated cost to be about \$1500.00. The matter will be given further consideration at the next meeting.

Commissioner Hatton made a report on settlement with the Township. More time is required.

Motion made by Gillemester, seconded by Otis, that the Hill in Oakwood Cemetery be paved. Carried.

Commissioner Hogle was authorized to construct new sidewalks and repair old ones where necessary.

Adjourned.
N. H. POWER,
City Clerk.

IN MEMORIAM

In loving memory of our dear Wife and Mother, Ida Becker, who passed away five years ago today, July 20, 1924.

Of a loved one gone to rest,
In memory's frame we will keep it

Because Mother was one of the best.

Now, no one heard the footsteps
Of Angels drawing near.

Who took from us to Heaven
Our Mother we loved so dear.

—Her loving Husband and Daughters.

IN MEMORIAM

In loving memory of our dear sister, Ida Becker, who passed away July 20, 1924.

She suffered patiently and long.
Her hope was bright, her face was strong.

The peace of Jesus stilled her breast,
And in His arms she sank to rest.

—Her Loving Sisters.

BURGLARS, CAR THIEVES AND RECKLESS DRIVERS KEEP DEPUTIES BUSY

No trace has been found of thieves who broke into the home of A. W. Tuttle on Hillcroft subdivision, Walled Lake, July 5 and stole a suit of clothes, a Ford Motor Company check for \$10, drawn to Mr. Tuttle and other articles. The thieves entered through a rear window.

Deputies W. E. Coe and Peter Schmidt arrested Lester Peters at Northville on Saturday with

an automobile in his possession reported stolen from his uncle, Percy Peters, who is employed on the Clarence Welfare Farm. He was taken to Pontiac, where he waived examination and was held for circuit court.

The lad, 17 years of age, has been detained at Lansing school for boys, and was on probation for having stolen \$95 from Peter Koch on the Walnut Lake road a few weeks ago. He is also reported to have stolen a check from the Standard Oil Company at Northville.

Two arrests for reckless driv-

ing were made by deputies and fines of \$25 were assessed last week against George Flint, Detroit, and A. Boncuter of Wixom, Ernest Davis and Mitchell McDougall of Detroit and Arthur Foucault of Pontiac were arrested and fined \$15 each for being drunk.

A booth has been installed on the south shore of Walled Lake and telephone installed in it so the deputies can be reached at any time. The number is 3185. Four extra deputies are supplied to assist Deputies Coe and Schmidt on Sundays.

Graham-Paige Quality at \$855

(Two door sedan at factory, special equipment extra)

Outstanding by Any Measure of Value

Model 612 is a powerful car, built to give good, dependable, and lasting performance. With prices beginning at only \$855, at factory—its quality is outstanding, by any measure of value.

Its large engine, with a seven bearing crankshaft (2 1/2 inches in diameter) delivers 62 horsepower smoothly. Overheating is practically impossible, and uniform cooling is assured by water jackets extending to the very bottom of every cylinder.

Not only in the motor, but all through the 612, you will find extra size, extra weight, and extra strength. Ready for the road, it weighs 3,125 pounds. Experience has convinced us that every pound of this greater weight is essential to

better performance, greater comfort, long life and safety.

The four wheel hydraulic, internal expanding brakes are larger than usual in a car at this price, and fully protected from dirt and water. Service and emergency brakes are entirely separate—to provide the safety to which we believe every motor car buyer is entitled.

Bodies are beautiful and roomy, finished with upholstery of genuine mohair carrying a guarantee of long life attached to every cushion.

We ask you to see Model 612, and to enjoy its performance—before you buy any car.
