Drives The New**Ford**

Winds that bite and chill will not bother her in the New Ford Closed Cars. Snow falling thick and fast will cause no inconvenience. Snug and dry she will do her shopping—get the children to school—on time—wear her prettiest frocks and shoes to every affair, secure against the elements.

The New FORD is an especially good all-weather car for the woman driver because it is so reliable and dependable—so alert—so easy to handle under all conditions. It gives complete confidence in driving because it stops so quickly and firmly, even on wet pavements. It has six brakes fully enclosed against any sort of weather.

A NEW FORD CAR for the women members of the family is a fine investment for the winter season just ahead.

STATEMENT
The dog case of Tolman vs. Utley was decided in Circuit Court. Instead of \$450, it was \$75. Tolman will have the costs to pay.

Harford Utley killed a dog, but not a bound dog. Two dogs were after my billy-goat a few days before. One dog was left by a party who moved away, an ugly dog. This is the dog that was killed, not Tolman's. A. L. Moore would have obtained a judgment of no cause of action at Farmington. 47-p

OPENING OCTOBER 25

Hunters who are planning to shoot pheasants this season are cautioned to observe carefully the rules regarding the shooting period. According to E. O. Hatton, who is issuing hunting licenses, must not be taken before the fact that the season opens at noon on October 25, rather than in the morning, and they may be arrested for violation of the game laws. The pheasant season continues through October 31.
