1,200,000 Chevrolets Sold Since January 1

The Chevrolet Motor Company
has announced that more than
1,200,000 of the new six cylinder
Chevrolet cars have been placed
on the road since the first of the
year.

This achievement accomplished
in little over nine months, is
three times the best showing of
any other manufacturer of six
cylinder cars in a calendar year
and tops Chevrolet's record to-
tal for the entire year of 1928.

It is now certain that six cyl-
inder production will set a world
record this year, surpassing for
the first time in the history of
the industry the output of four
cylinder cars. This leadership
of the sixes will come about
chiefly because of Chevrolet's
record showing this year.

Chevrolet factory officials de-
clare that the dominating reason
back of the leadership of the six
is the public preference for the
advantages which this type of
construction affords. They point
out too that the influence of great
volume production, which has
enabled the industry to get six
cylinder prices down to the low-
est on record and has made it
possible for Chevrolet through
maximum volume to offer six cyl-
inder performance at a price
that formerly bought only a four.

The New Ford

Is A Really Fine Car
Selling At A Low Price!

That's the whole story of its unusual
speed, power, acceleration, comfort, safe-
ty, reliability and low upkeep cost.

It explains why more and more the high-
ways are filled with F O R D cars every-
where. It reveals the reasons for enthu-
siasm of owners all over the world.

Come in and let us tell you of the quality
that has been built into the NEW FORD
CAR—of the new manufacturing methods
which enable the Ford Motor Company to
sell this really fine car at such a low price.
And let us demonstrate to you what this
built-in fineness means in performance,
satisfaction, and value.
