A special series of six popular community Sunday evening programs is announced to begin on Sunday evening at 7:30 o'clock. The stereopticon projector will be used for the song service called "The Twilight Sing." A reel of motion pictures will be introduced. Members of the High School orchestra will furnish instrumental solos, duets, special numbers, etc. The pastor will have a brief message. A happy and informal community Sunday evening is proposed.

Members of the Sunday School always have in store a clever surprise in the chalk addresses of Supt. Butterfield. Those present last Sunday will not soon forget the beautiful crayon sketch of the bit of the Sea of Galilee and the ingenious and surprising motto which appeared as the love picture was erased.

The school meets every Sunday promptly at 12 and there is a class and a welcome for everybody.

**THE BEAUTIFUL**  
"We ought to acquaint ourselves with the beautiful; we ought to contemplate it with rapture, and attempt to raise ourselves up to its height. And in order to gain strength for that, we must keep ourselves thoroughly unselfish—we must not make it our own, but rather seek to communicate it; indeed to make a sacrifice of it to those who are dear and precious to us."—Goethe

## NORTHVILLE H. S. TEAM BEATS WALLED LAKE

Walled Lake High School's basketball team was forced to admit defeat for the first time this season Friday night when Northville edged out a victory, 15 to 12 in a keenly fought contest, but only after a series of bad "breaks" had played havoc with Coach Hursh's men's chances of victory.

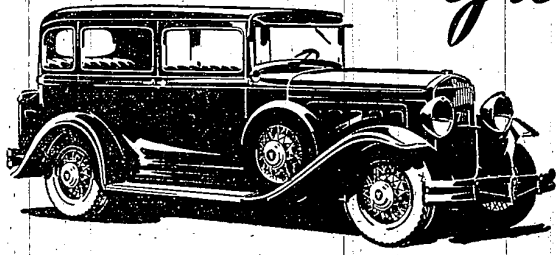

First Captain Lloyd Eno was declared ineligible for the Northville game. Harris hurt his back and was forced to leave the contest. Bentley was banished on personals and this left the Blue and Gold with only two regulars on the floor and a one point margin to protect. This was asking too much of the substitutes and Northville, for the first time in the game, broke through Walled Lake's defense, now completely disorganized, for three baskets in a row and the winning margin.

According to Agriculture Department's "Crops and Markets" for September, 1929, the gross value of the farm products of New York State was 541 million dollars.

We count this our greatest achievement. From front end to tail light it is a new design. In appearance and finish it is commandingly beautiful. And in smoothness it surpasses anything we know.

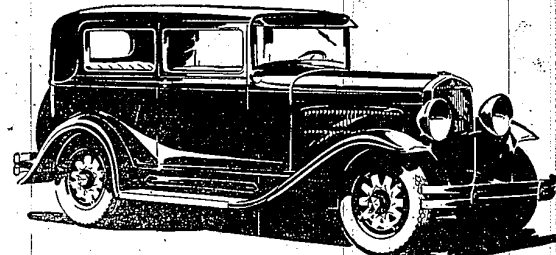

It outranks anything we have ever done in design, performance or value.

The roadability and riding ease are not excelled by any car at any price. And the price at which it sells questions the wisdom of ever paying more for any car.
