A Feature Of Beauty and Importance

Rustless Steel

Used On

THE NEW FORD CAR

A feature of importance is the Rustless Steel used for the radiator shell, head lamps, hub caps, cowl finish strip and tail lamps of every new Ford Car. This Rustless Steel will retain its bright, gleaming luster throughout the life of the car. It will not corrode, rust or tarnish in any kind of weather. Its brilliance is permanent. There is no plate to wear off, crack or scale, for it is the same bright metal all the way through.

The use of this Rustless Steel on the new Ford is a reflection of the enduring quality that has been built into every part of the car.
