FARMINGTON

City Seeking Method

Of Insuring Firemen

The problem of providing some form of insurance against injury to members of the Farmington volunteer fire department is engaging the City Commission. It appears that the men cannot be insured under ordinary policies unless they are paid at least \$100 each per year.

After some discussion of the matter, Mayor Arthur Lamb Monday night appointed Commissioners Stelman and Gildemeister a committee to investigate and report.

Mr. and Mrs. Claud Leach. 20-1-c

FORTY SCHOOLS AT MEETING HELD AT WALLED LAKE

About 200 hundred teachers, matrons and school board members representing 40 schools, attended the meeting at the Walled Lake Consolidated School on Monday at which State and County school department officials presided.

At the morning session Roy Noteware, assistant superintendent of public instruction spoke for an hour on the school laws of the State, referring particularly to the changes which have been made in the past two years. Some of the items which he mentioned were the different kinds of districts, the fact that the school board of a district will decide three months before the first Monday in June whether the annual meeting will be held in June or in July. In previous years a plurality would elect officers, at an annual meeting while this year it takes a majority. He told the requirements of voters and officers. They must be citizens 21 years of age, residents of the district three months and hold real or personal property which is taxable.

Any person attending the annual meeting can call for a reading of all the orders issued during the past year to find out how the money has been spent. He told how a call for a special meeting could be made, and that township treasurers must report delinquent fund taxes to the school treasurer as soon as received and these with the interest must be paid to the school. He referred briefly to the bill which is drawn to help poor school districts and in this regard told that there were 443 schools in Michigan with ten or less pupils in them, a total of 3,524 pupils. One and one-fourth cent of each dollar earned, Mr. Noteware said, was spent for schools in the United States.

A. G. Leonard, deputy County school commissioner, talked briefly on the census and annual reports.

A get-acquainted luncheon was served at the Methodist church to separate groups. While one group was being served, high school seniors escorted the other group through the Walled Lake School.

At the afternoon session Miss Katherine Lovell of the Commerce School gave two humorous readings and Miss Arlene Lockwood of Highland sang two vocal numbers.

E. J. Lederle, Oakland County Commissioner of Schools, told of the survey in 1923 and the 1929

survey to determine how well the boys and girls were doing their work. He reported in his talk that all subjects showed improvement, but the outstanding was reading. He spoke of the relation of the County officers to the Boards and communities.

Dr. M. S. Pittman of the Michigan State Normal, spoke on the resurvey and future plans for schools in Michigan. He complimented Oakland County on the many accomplishments in the schools.

Signs, posters and exhibits of various kinds were on display around the gymnasium where the meetings were held.

Arthur Lamb of Farmington, Charles Hamilton, supervisor of Novi Township and Joseph Long, supervisor of Commerce Township were also present.

GULLEN SPEAKS TO CLUB
The Wixom Farmers' Club met at the hall on Wednesday, March 12 with pot luck at noon.

The speaker of the day was George Gullen of Redford, his topic being "Some of the Needs of Our Country." He gave a talk on three needs. First, industry; second, adventure, and third, cooperation. His talk was much enjoyed by all present.

ENTERTAIN AT HOME
Mr. and Mrs. C. B. Spencer of Walled Lake entertained at tables at a 500 party on Monday evening. First prizes were won by Mrs. Clyde Hazen and William McNulty. Consolation prizes were given to Mrs. L. M. Philp and Ralph Coe. A luncheon was served following the games.

Those present were Mr. and Mrs. William McNulty, Mr. and Mrs. P. C. McKibben, Mr. and Mrs. L. M. Philp, Mr. and Mrs. Ralph Coe, Mr. and Mrs. Clyde Hazen, Mr. and Mrs. R. A. Herron Mr. and Mrs. Lloyd Coe and Mr. and Mrs. Stanley Wanglis.

Some people complain that they don't get any letters, but they probably get their bills regularly the first of the month.

After You Buy The Car Good Service

There are many things to consider before you buy an automobile—and one of the most important is consideration of the factor — "after you buy the car." What kind of service can you be certain of?

FORD has always been outstanding for the quality of its service, as well as for the value of FORD cars. Our interest doesn't end with the sale—it only begins. "We are as much interested in your economical operation of the car as you are in the economical manufacture of it."
