Mrs. Orville Taggart and Mrs. A. C. McDonald called on Mrs. Dunlap who is seriously ill at the home of Mrs. Shepfo, Tuesday afternoon.

BIRMINGHAM RESIDENT HURT AS CAR UPSETS

Miss Ann Fuller Matheson, age 22, daughter of Mr. and Mrs. C. W. Matheson of "Hollowbrook," Orchard Ridge drive, Birmingham, suffered serious injuries when she was pinned under her car as it turned over on the Buffmyer corner west of Walled Lake.

Miss Matheson was driving toward Walled Lake and as she attempted to make the turn evidently at a fast speed, the car hit the loose gravel which had just been turned up in the road by the County road scraper. The roadster turned over throwing Miss Matheson into the road and then rolled over again and pinned her beneath the car.

Easter
WITH a message of new life, of new hope, of greater things just around the corner, Easter is welcomed by all peoples, everywhere. Its beautiful symbolism strikes a new keynote in our lives each year.

In the message of this Easter, is a call to be ready for the new things Spring has in store for us. Through a growing account here, you can equip yourself to take full advantage of the new Season.

"The Old Bank On The Corner"

for Economical Transportation

it's wise to choose a SIX!

There is one sure way to get greater value in a low-priced car today—choose a Six!

This greater value is instantly obvious when you drive a Chevrolet Six. You notice first of all its greater smoothness. There is no tremor in the steering wheel—no rattle in the floor boards—no rumble or drumming in the body.

In addition to the finer performance of its six-cylinder motor, the new Chevrolet gives you truly remarkable economy.

Its six-cylinder smoothness saves the entire car from the strain and wear of vibration. This, of course, lowers the cost of maintenance and assures a longer-lasting, longer-satisfying automobile.

From the standpoint of operating expense, Chevrolet is equally economical. No other automobile consumes less gasoline and oil. No other shows a lower expense for tires. And

no other car costs less for service.

Because of its modern engineering, Chevrolet also assures a high resale value.

Chevrolet gives you fully-enclosed, weather-proof, 4-wheel brakes; a modern fuel system—with the gasoline tank mounted in the rear; four long semi-elliptic springs, mounted lengthwise in the direction of car travel. It gives you beautiful Fisher bodies built of combination hardwood-and-steel. It gives you a heavy, rigidly-braced channel-steel frame. And it gives you a full ball bearing steering mechanism.

Before you decide on any car in the low-price field, see and drive the Chevrolet Six. The more thoroughly you investigate, the more certain you are to conclude that it's wise to choose a Six—for value, for performance . . . and for economical transportation!
