One Sure Thing

As someone once said, "You Can't get poor taking a profit." True, but of first consideration is to make sure you will have the chance to take it. And what can you find more dependable profit-producing than a Savings Account? As surely as the year rolls around, it will pay you 4% compound interest—and you can count on it in advance.

In fact, what better move could you make than to open a Savings Account now—and add to it, regularly every week.
