The Red Rocket

a demonstrator of Pontiac's finer performance

Beginning today, you'll see the car with the RED ROCKET on the streets and boulevards of this city. It is a New Series Pontiac Big Six, marked with a RED ROCKET to symbolize its remarkable speed, pick-up and power. This demonstrator is on the streets for two reasons. First, so you can obtain a vivid impression of its speed, its quick getaway, its smoothness and easy handling. Second, so you can receive a demonstration on the spot—anytime, anywhere you see this car. We want you to take the wheel. For only in this way is it possible to realize what excellent performance you can now enjoy in this new low-priced six!

SPEED AND POWER. Pontiac's 60 horse-power engine, with 200 cubic inch piston displacement, is the largest in any six of its price. This accounts for Pontiac's exceptional top speed, its swift acceleration, and its abundant power on the hills.

SMOOTHNESS. This engine is also very smooth because of its new-type

rubber mountings and its Harmonic Balance which counteracts torsional crankshaft vibration.

EASY HANDLING AND RIDING. A new steering system acting on roller bearings and improved four-wheel brakes make this car delightfully easy to handle. And riding is unusually smooth, thanks to its comfortable new Fisher bodies with mohair upholstery of excellent quality, and improved Loveloy Hydraulic Shock Absorbers.

Now ask to drive the car with the RED ROCKET. Or come to our salesroom, where you can learn about Pontiac's reliability, economy and long life. A demonstration will show you what splendid performance Pontiac now is offering at very low cost.

The New Series Pontiac Big Six, 1745 and up, f. o. b. Pontiac, Mich., plus delivery charges. Shock absorbers standard equipment. Bumpers and spring covers at slight extra cost. General Motors Time Payment Plan available at minimum rate. Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Pontiac delivered price includes only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.
